Retender (Group 3) - Selection of Consultant for the Preparation of Town Planning Scheme(s) for the Multiple Greenfield Satellite Townships in Bihar

1. Background

Bihar, situated in the eastern part of India, is one of the most populous states with over **124 million people** spread across an area of **94,163 sq. km**. Despite its large population, Bihar remains predominantly rural, with an urbanization rate of **approximately 17%**, significantly lower than the national average of around 31%. This imbalance has created challenges in terms of economic diversification, infrastructure development, and quality of life. The state's urban centres—Patna, Gaya, Muzaffarpur, Bhagalpur, and Darbhanga—are under immense pressure due to rapid population growth and migration from rural areas.

Considering the increasing population of major cities in the state, the necessity of master plan-based development, and the anticipated future population pressure along with growing urban needs, there is a strong requirement for planned, environmentally sustainable, and modern township development in the state.

The state has identified developable land parcels around major cities where new greenfield satellite townships will be developed. A comprehensive township development model will be prepared for these areas, incorporating well-planned road networks and essential public amenities such as parks, open spaces, drains, and drainage systems using the town planning scheme.

The development of these townships will ensure planned urbanization and balanced growth, leading to the creation of new economic activity centers and the provision of high-quality urban facilities to citizens. It will also reduce the burden on existing cities. These townships are envisaged to emerge as hubs for investment, business, education, tourism, and innovation, thereby contributing to the State's vision of sustainable and people-centric urban development.

Given the scale and requirement of these projects, it shall require team with expertise in urban planning, engineering, GIS, and stakeholder engagement etc., there is a need to engage qualified consultancy firms.

In the first phase, satellite and greenfield townships are being developed by the State across 11 cities as following:

- (i) 9 divisional headquarters cities: Patna, Gaya, Chapra, Muzaffarpur, Munger, Purnea, Bhagalpur, Darbhanga, and Saharsa
- (ii) Sonapur
- (iii) Sitamarhi (Sitapuram)

In addition to these 11 townships, the State is also intended to develop couple of more greenfield satellite townships.

In accordance with the provisions of the Bihar Urban Planning and Development Act, 2012 and the Bihar Town Planning Scheme Rules, 2025, the development of Greenfield Satellite Townships for planned urban development in the state will be carried out.

The township names listed under the group 3 have been organized solely for the purpose of this RFP and do not reflect any specific order, ranking, or priority set by the department.

Group 3 Townships

(The township names listed under the group have been organized solely for the purpose of this RFP and do not reflect any specific order, ranking, or priority set by the department)

Group No.	Township	Township name
Group 03	Darbhanga	Mithila
	Saharsa	Koshi
	Muzaffarpur	Tirhut

For the further details please visit <https://state.bihar.gov.in/urban> (Circular No 4583 dated 23-4-26)

The proposed development of 11+1 greenfield satellite townships in Bihar aims to create urban ecosystems with high-quality physical infrastructure, efficient utility networks, and environmentally sustainable systems. These townships will be planned to be functionally efficient, technology enabled and aligned with modern urban development standards.

At the same time, the planning approach will integrate local culture, regional characteristics, and the aspirations of the people, supported by a strong socio-economic framework to promote inclusive and sustainable economic growth. This balanced approach combining modern infrastructure with local continuity will enhance the overall liveability of these townships and foster a sense of ownership among stakeholders, including residents and landowners.

2. Town Planning Scheme:

The Bihar Town Planning Scheme Rules, 2025 were notified by the State vide Gazette No. 12052 dated 25 November 2025. These rules establish a model for the planned development of urban areas in Bihar under the concept of Town Planning Scheme.

The rules envisage a structured approach to area development through land pooling and the provision of physical and social infrastructure, with active participation from landowners, qualified developers, planning authorities, and government organizations. Under this scheme, land is earmarked in development plans for roads, parks, playgrounds, gardens, open spaces, social infrastructure, public utilities, and housing for the economically weaker sections. The scheme also ensures that landowners participating in it receive at least 55% of their original land area in the form of reconstituted final plots.

3. Regulatory Framework

The Government of Bihar has notified the following legal and regulatory instruments to promote planned, structured, and sustainable urban development in both existing urban areas and peri-urban/rural areas with urbanization potential.

1. Bihar Municipal Act, 2007
2. Bihar Municipal (Amendment) Act, 2024
3. Bihar Municipal (Amendment) Act, 2025
4. Bihar-Urban-Planning-Development-Act-2012 <https://pmaa.bihar.gov.in/bupd-acts>
5. Bihar Urban Planning and Development (Amendment) Act, 2022
6. Bihar-Urban-Planning-Development-RuLE-2014
7. Bihar Town Planning Scheme Rules, 2025 <https://egazette.bihar.gov.in> (# 1323 dt. 07-8-26)

The Town Planning Scheme (TPS) framework provides a mechanism for **Land pooling and reconstitution**, wherein landowners contribute land for development, reallocation of **serviced plots** with access to infrastructure, and infrastructure-led development such as provision of **roads, utilities, open spaces, and social amenities**, enabling efficient use of land while ensuring equitable redistribution and provision of public amenities. Under this framework, landowners participate in development by pooling their land, which is reorganized into final plots with infrastructure such as roads, utilities, social amenities, and open spaces, while a portion of land is reserved for public purposes and project financing.

The Rules mandate preparation of base maps, thematic studies, conceptual plans, and detailed layout plans incorporating physical features, land ownership, infrastructure networks, environmental considerations, and development proposals. Further, the Designated Authority is empowered to engage Consultant and experts to assist in the preparation, design, and implementation of Town Planning Schemes to ensure technical rigor and compliance with statutory requirements.

4. Role of Consultant

- h) The bidders are required to present the proposed approach & methodology along with the Project information submitted under qualification and experience, the key experts details etc. as specified in the "Criteria for Technical Evaluation" of this document.
- i) Methodology of technical bid evaluation:
 - Each Technical Bid will be assigned a technical score out of a maximum of 200 points.
 - Only the bidders, who score a total Technical score of 140 (One hundred and Forty) or more, will qualify for the evaluation of their financial bid. Such bidders shall be termed as "Technically Qualified bidder".

- The technical scores of the bidders will be announced prior to the opening of the financial bids.
- Bidders failing to comply any of the above the Bid will be summarily rejected.

The Bidders are required to submit all documents in support of the evaluation criteria in the table 2 below.

The evaluation will be based on QCBS method of evaluation. The distribution of Technical and Financial weightage is **70:30**. Weightage of the scoring will be based on the following formula. $S_c = W_t * S_t + W_f * S_f$

Where S_c is Combined score

S_t is Technical score out of 200 W_t is Weighted Technical Score (out of 70%)

S_f is Financial score out of 100 W_f is Weighted Financial Score (out of 30%)

The minimum score to be achieved for technical qualification is 140 out of 200 maximum technical score. The lowest evaluated Financial Proposal is given the maximum financial score (S_f) of 100 with maximum weightage of 30. As per the formula and example below, the scoring and the weightage will be applied.

Weights **70%** **30%**

Name of Consultant	Technical Score (out of 200) (S_t)	Financial offer (Rs Lakhs)	Financial Score (out of 100) (S_f)	Weighted Technical Score (A) (W_t 70%)	Weighted Financial Score (B) (W_f 30%)	Combined Score (A+B) (S_c)	Rank
X	150	120.00	83.3	52.5	25	77.5	III
Y	160	100.00	100	56	30	86	II
Z	180	110.00	90.9	63	27.27	90.27	I

Above is an Example for the calculation based on the QCBS formula with weightage 70:30
