Invitation to Tender

1. This Request for Proposal is floated by the Department of Sports, Government of Bihar, for the Establishment & Operation of a High-Performance Sports Science Centre at Rajgir, Bihar, subject to the terms, conditions and technical specifications laid down in this RFP document.
2. The RFP document, which contains the qualification criteria, submission requirements and an outline of the objectives and scope of work, is available for download from the **Bihar e-Procurement portal as well as the official website of the Department.**
3. Eligible firms/agencies/organizations may submit their bids only through the portal, in the manner and format prescribed herein, adhering to the dates, timings and instructions specified in the Data Sheet.
4. The Department of Sports, Bihar reserves the right to accept or reject any or all bids, and to withhold, amend, withdraw or cancel this process or terminate the empanelled agency, without assigning any reason whatsoever. The Department may also discontinue or terminate the RFP process at any stage without assigning any reason. No commitment, whether express or implied, is made by the Department that this process will culminate in a business transaction with any party. This RFP shall not be construed as an offer by the Department of Sports, Bihar.
5. For any technical difficulty encountered while submitting bids on the portal, bidders may contact the designated **helpdesk numbers** and/or write to the technical **support email** provided.
6. Prospective bidders are advised to visit the **Bihar e-Procurement website** at regular intervals up to the date of tender submission, to remain apprised of any corrigendum/addendum/amendment issued.

SD/-

Joint Secretary
Sports Department
Govt. of Bihar

1. Background and Context

The Department of Sports, Government of Bihar, is the apex administrative authority entrusted with the regulatory mandate for governing sports development throughout the State. Acting through its executive arm, the Department of Sports (hereinafter referred to as "The Authority"), it proposes to set up a world-class, centralized High-Performance Sports Science Centre (HPSSC). Implemented in strict conformity with the State Sports Policy and the Strategic Sports Action Plan, this state-of-the-art facility has been conceived as an integrated institutional nucleus intended to formalize pathways for elite athlete development. The proposed Centre will bring together advanced sports science research, precision performance analytics, systemic injury management and holistic athlete wellness protocols within a single operational framework. By strategically deploying cutting-edge technology alongside specialized human capital, the HPSSC will function as the principal administrative vehicle for systematically identifying, nurturing and raising local athletic talent to national and international competitive benchmarks.

2. Disclaimer and Terms Governing this RFP

- 1. Information Covered by the RFP:** The information contained in this Request for Proposal document (hereinafter referred to as the "RFP") or subsequently provided to Bidders, whether verbally or in documentary or any other form, by or on behalf of the Department of Sports, Government of Bihar (hereinafter referred to as "The Secretariate") or any of its employees, consultants, or advisors (collectively referred to as "Representatives"), is provided to Bidders on the terms and conditions set forth in this RFP and such other terms and conditions as may be issued from time to time.
- 2. Purpose and Non-Binding Character:** This RFP does not constitute an agreement, offer, or invitation by The Secretariate or its Representatives to any party other than the qualified entities eligible to submit a Proposal ("Bid"). The sole purpose of this RFP is to provide Bidders with baseline information to assist in the formulation of their Proposals. This RFP does not purport to contain all the information that each Bidder may require.
- 3. Bidder Due Diligence:** This RFP may not be appropriate for all persons, and it is not possible for The Secretariate or its Representatives to consider the investment objectives, financial situation, and particular needs of each party who reads or uses this RFP. Each Bidder shall, before submitting a Bid, conduct its own independent investigations, analysis, and due diligence, and shall check the accuracy, adequacy, correctness, reliability, and completeness of the information contained in this RFP and obtain independent advice from appropriate sources.
- 4. Disclaimer of Liability:** The Secretariate and its Representatives make no representation or warranty, express or implied, and hereby disclaim all liability under any law, statute, rules, or regulations as to the accuracy, adequacy, correctness, reliability, or completeness of this RFP document.
- 5. Authority's Right to Amend the RFP:** The Secretariate reserves the unilateral right, at its absolute discretion and without any obligation or liability, to update, amend, modify, or supplement the information, statements, assessments, or assumptions contained in this RFP at any stage of the bidding process.
- 6. Completeness of the RFP Documents:** The Bidder shall ensure that the downloaded RFP document is complete in all respects, including all annexures, schedules, and

attachments. If any component or page is found to be missing or illegible, the Bidder shall immediately notify the authority in writing at the following address: **Department of Sports, Room No 416, 4th Floor, Vikas Bhawan, New Secretariat Building, Patna – 800015, Bihar.**

7. **Deemed Acknowledgment:** Failure of the Bidder to notify The Secretariate of any missing or incomplete documents on or before the specified deadline for submission of pre-proposal queries shall be deemed a constructive acknowledgment that the RFP documents received are complete in all respects, and that the Bidder is fully satisfied with the contents therein.
8. **No Extension on Account of Incomplete Documents:** No extension of time or relief from deadlines shall be granted to any Bidder for the submission of its Proposal on the grounds that the Bidder failed to acquire or receive a complete set of the RFP document.
9. **Confidentiality Requirements:** This RFP and the information contained in it are strictly confidential and proprietary in nature, and are meant for the exclusive use of the Bidder to whom the document has been issued. The recipient shall neither copy, reproduce nor circulate this RFP to any third party, save where strictly mandated by Applicable Law, or were disclosed in confidence to the recipient's professional advisors, provided such advisors are bound by non-disclosure obligations no less stringent than those set out herein. Should a recipient elect not to take part in the Bidding Process, the recipient and its advisors shall continue to preserve the confidentiality of this RFP in perpetuity.
10. **Communication of Amendments:** Any updates, amendments, modifications, or supplements to this RFP made by The Secretariate during the bidding process shall be officially communicated to the registered **agencies via relevant portals**, and such amendments shall form an integral part of this RFP.
11. **Restriction on Objections:** Bidders and third parties are strictly prohibited from raising any objections, claims, or disputes regarding any updates, modifications, additions, or alterations made to the RFP. Any such objection raised by a Bidder shall render their Bid liable for immediate rejection by The Secretariate. Objections raised by third parties shall be treated as an actionable infringement of the confidentiality and privileged rights of The Secretariate.
12. **Right of the Secretariate to Reject Proposals:** The Secretariate retains the unilateral right, without assigning any reason and without incurring any liability or financial obligation whatsoever, to accept or reject any or all Proposals at any stage of the procurement process. The decision of The Secretariate in this regard shall be final, conclusive, and binding upon all participants.
13. **Restrictions on Public Disclosure:** Bidders are strictly prohibited from making any public announcements, press releases, or media disclosures regarding the RFP document or the selection process. All public communications concerning this procurement shall be made exclusively by The Secretariate. Any violation of this provision by a Bidder shall constitute material non-compliance and may result in the immediate rejection of their Proposal, at the sole discretion of The Secretariate.
14. **Unconditional Bid Submission and Waiver:** By submitting a response to this RFP, the Bidder acknowledges and agrees that it has fully reviewed, understood, and accepted all

the terms, conditions, and disclaimers outlined herein. The Bidder hereby expressly waives any and all claims, rights, or remedies in relation to any misunderstanding or dissatisfaction with these terms. The Bid shall be strictly unconditional and non-transferable.

4. Definitions and Interpretations

1. Terms and expressions beginning with capital letters and defined in this document shall, unless repugnant to the context, bear the meanings assigned to them herein.
2. **"Applicable Laws"** means all laws, statutes, regulations, directives, ordinances, notifications, exemptions, judicial orders, and any interpretations thereof, enacted, issued or promulgated by any authority whether legislative, regulatory or judicial and applicable either to the Department or to the Bidders.
3. **"Authorized Signatory"** means the individual nominated by the agency to represent it in all matters concerning its Proposal. Such individual shall hold a valid Power of Attorney empowering him to perform all acts, including but not limited to signing and submitting the Proposal for participation at every stage of the RFP Process, conducting correspondence on behalf of the agency, and executing such documents as may be necessary to give effect to the outcome of the RFP Process.
4. **"Bid" or "Proposal"** means the documentation submitted by a Bidder pursuant to this RFP. It comprises the Technical Bid, together with any supplementary information or clarifications sought by the Department of Sports, Bihar, and the Financial Bid. Such submissions shall conform strictly to the formats prescribed by the Department of Sports, Bihar, and any failure to comply with the prescribed formats shall result in the submission not being treated as a Bid.
5. **"RFP Process" or "Bidding Process"** means the process set out in the RFP governing the submission and evaluation of Bids.
6. **"Bid Due Date"** means the last date for submission of bids, as specified in the Schedule to this RFP. No bid shall be entertained after the Bid Due Date.
7. **"Bid Validity Period"** means the period during which a bidder's submitted proposal (technical and financial) remains legally binding, unaltered and open to acceptance by the Department of Sports, Bihar. During such period the bidder shall not withdraw, revise or alter the terms, price or conditions of its bid.
8. **"Financial Year"** means the period of twelve months commencing on 1st April and ending on 31st March, corresponding to the audited annual accounts.
9. **"Letter of Award (LOA)"** means the written official intimation issued by the Department notifying the Preferred Bidder/Service Provider that the work has been awarded in its favour upon the terms and conditions stated therein.
10. **"Net Worth"** shall bear the meaning ascribed to it in Section 2(57) of the Companies Act, 2013.
11. **"Request for Proposal", "RFP", "RFP Document", "RFP Paper", "RFP Documents" or "Bid Documents"** means the documents issued by the Department under RFP No. 5/खेल 8-18/2026/RFP/01, dated 16.10.2026, for the Establishment and Operation of the High-Performance Sports Science Centre at Rajgir. The expression includes all modifications, amendments, corrigenda/addenda and alterations thereto, and comprises:
 - a. this RFP document;
 - b. any corrigendum(s)/addendum(s) and clarification(s) issued by the Department of Sports, Bihar subsequent to the issuance of the RFP Document, which shall form integral parts thereof, references to the RFP Document in the Agreement being deemed to include such corrigendum(s)/addendum(s).
12. **"Pre-Bid Meeting"** means the meeting convened in accordance with the timetable indicated in the Schedule to this RFP, at which the Department and the bidders meet to address any queries or concerns.
13. **"Successful Bidder"** shall bear the meaning given to it in Clause 10.

14. **"Related Party"** shall bear the meaning ascribed to it in Section 2(76) of the Companies Act, 2013.
15. **"Technical Evaluation Criteria"** shall bear the meaning given to it in Clause 8.
16. **"Technically Qualified Bidder"** means a Bidder whose Technical Proposal is responsive and satisfies the requirements to the satisfaction of the Department in terms of this RFP, and which is thereby qualified for the opening of its Financial Bid.
17. **"Technical Bid"** or **"Technical Proposal"** means the proposal submitted by the Bidder in accordance with the relevant clauses of this RFP.
18. **"Turnover"** shall bear the meaning ascribed to it in Section 2(91) of the Companies Act, 2013.
19. **"Steering Committee"** means the committee constituted by the Department of Sports to oversee the general course of this tender.
20. **"Department of Sports, Bihar"** means the Department of Sports, Government of Bihar, having its office at Room No. 416, 4th Floor, Vikas Bhawan, New Secretariat Building, Patna – 800015, Bihar, and includes its successors, assignees and representatives.
21. All other capitalized words not defined herein shall bear the meanings ascribed to them in the RFP. Terms and expressions not defined anywhere in the Bid Documents shall bear the meanings assigned to them in the Indian Contract Act, 1872 and/or the General Clauses Act, 1897.

5. Service Provider's Terms of Reference

5.1 Core Objectives of the HPSSC

The principal purpose of the **High-Performance Sports Science Centre** (hereinafter referred to as the **"HPSSC"** or the **"Centre"**) is to maximize athletic potential through the structured application of advanced sports science principles. The Centre shall support the comprehensive development of athletes, facilitating the attainment of peak performance benchmarks and the extension of competitive sporting longevity. For achievement of this mandate, the HPSSC shall pursue the following strategic objectives:

1. **Performance Improvement:** The HPSSC shall employ multidisciplinary sports science methodologies to improve athletic output. This shall involve formulating and administering individualized training protocols, optimizing physical conditioning, sharpening technical competencies, and building mental resilience so as to maximize overall athletic potential.
2. **Systematic Athlete Development Programmes:** The HPSSC shall design and put into operation structured talent development frameworks aimed at developing promising athletes from the grassroots stage through to elite competitive levels. Such frameworks shall address every dimension of athletic growth, encompassing skill acquisition, physiological conditioning, psychological preparedness and competition readiness.
3. **Fundamental and Applied Research:** The HPSSC shall carry out structured programmes of basic as well as applied research. Such research shall be directed towards deepening the understanding of the critical variables that influence athletic performance, including biomechanics, physiology, psychology, sports nutrition and recovery kinetics. The outcomes of these efforts shall inform evidence-based practices for optimizing athlete outcomes.
4. **Knowledge Transfer:** The HPSSC shall function as a centralized platform for disseminating sports science knowledge. By organizing workshops, seminars and technical conferences, and by making digital resources available, the Centre shall promote

best practices, cutting-edge research findings and practical insights relating to performance enhancement and injury mitigation.

5. **Management and Rehabilitation of Sports Injuries:** The HPSSC shall offer comprehensive services for managing and rehabilitating sports-related injuries. This shall include providing access to specialized medical professionals, state-of-the-art rehabilitation infrastructure and evidence-based injury prevention protocols. By placing athlete health at the forefront, the HPSSC shall seek to minimize injury-related setbacks and enable a safe and expedited return to competition.

5.2 Core Functions of the HPSSC

For achieving the above objectives, the HPSSC shall undertake the following core functions:

1. **Performance Improvement Operations:** The HPSSC shall use sports science principles to enhance athletic performance and endurance while mitigating injury risks. Subject matter experts shall conduct diagnostic assessments to identify individual strengths and weaknesses, subsequently developing personalized training programs. This function shall require close collaboration with coaching staff and the utilization of advanced technological tools to support the athlete's trajectory toward success.
2. **Sport Psychology and Cognitive Services:** The HPSSC shall offer a comprehensive suite of sports psychology services directed at strengthening mental resilience, focus, motivation and cognitive function. By way of individual consultations and structured workshops, athletes shall be furnished with practical strategies for managing the psychological pressures associated with elite competition.
3. **Rehabilitation Services:** The HPSSC shall follow non-pharmacological approaches to injury rehabilitation, giving precedence to modalities that improve mobility and accelerate recovery while safeguarding the injured site. This shall comprise personalized rehabilitation programmes that incorporate physical therapy, exercise prescription, manual therapy and targeted corrective exercises. The aim is to optimize healing, restore physiological function and enable a secure return to sport.
4. **Extended Support Services:** The HPSSC shall provide technical support to state sports academies, federations, and individual sportspersons by providing access to specialized facilities for testing, training, rehabilitation, and performance evaluation. These services shall demonstrate a commitment to advancing the state's sports science ecosystem.
5. **Talent Evaluation Program:** The HPSSC shall possess the capability to identify and develop sporting talent by means of comprehensive, sport-specific evaluation metrics. Such evaluations shall yield verifiable data in support of talent scouting processes, thereby enabling high-potential athletes to be identified on an objective basis.
6. **Sports Psychology and Cognitive Services:** The HPSSC shall offer a comprehensive suite of sports psychology services directed at strengthening mental resilience, focus, motivation and cognitive function. By way of individual consultations and structured workshops, athletes shall be furnished with practical strategies for managing the psychological pressures associated with elite competition.
7. **Workforce Deployment & Team Composition:** Implementation of this project shall require deployment of a coordinated and highly skilled team as specified in the minimum

human resource requirements. This team shall be responsible for the planning, implementation, and monitoring of all project activities. Each team member shall bring specialized expertise to ensure the successful delivery of the project mandates from inception to completion.

5.3 Scope of Services

A. Department shall provide the following to the selected bidder.

- The facility will be handed over by Department on an "as is, where is" basis.
- Department shall arrange the electricity and water connections required to operate the Centre, and the associated charges shall be borne by the Department.
- Maintenance of common areas, including security services for the High Performance Sports Training and Rehabilitation Centre, shall be the responsibility of the Department.
- Shall provide the facility, and the minor works shall be carried out in accordance with the Pre Installation requirement submitted by the successful bidder.
- Furniture and other amenities shall be provided by the Department.

B. The selected Service Provider shall deliver the following services to the Department as per the following table:

S. No	Name/ type of Services	Contract Period	Service Location
1	Provision of Equipment for Functional Lab, Isokinetic Lab, Biomechanics Lab, Gait Lab, Physiology Lab, Para Performance Lab, Neuromuscular Strength Training Lab, Recovery Lab, Rehabilitation Lab, Psychology Lab, Nutrition Lab and Athlete Management System. <i>(Note: A comprehensive and itemized list of proposed equipment must be submitted by the bidder as part of the technical bid.)</i>	The Contract Agreement being executed for a term of four years (04). Renewal of the Contract shall be subject to an assessment of the Service Provider's performance and to the recommendation of the Department.	Rajgir Sports Complex, Rajgir, Bihar. Address: Islampur - Rajgir - Parwatipur Rd, Thera, Mahuwalla, Bihar 803116
2	Deployment of technically qualified and experienced Human Resources for the operational management of equipment, alongside the overall operation and maintenance (O&M) of the center. <i>(Note: The bidder shall be responsible for ensuring the continuous availability of certified personnel requisite for the seamless functioning of all specialized laboratory and training systems.)</i>		

S. No	Name/ type of Services	Contract Period	Service Location
3	Provision of comprehensive testing, assessment, and training protocols. This includes, but is not limited to, Physiological Tests, Psychological Evaluations, Nutritional Guidance, Sport-Specific High-Performance Assessments, Periodized High-Performance Training, and Advanced Isokinetic Assessments/Training. The scope further encompasses Gait/Run Analysis, Biomechanical Analysis and Training, Rehabilitation utilizing Advanced Equipment, Muscle Profiling, Neuromuscular Strength Training, Tailored Programs for Athletes' Specific Needs, Accelerated Pain Relief Therapies, and Cryotherapy for Enhanced Recovery.		
4	The Service Provider shall be mandated to impart comprehensive training to District Sports Officers, Coaches, and/or any other designated officials of the Department of Sports & BSSA, as per institutional requirements. This training is intended to ensure a thorough understanding, optimal functioning, and maximal utilization of the HPSSC infrastructure. The scope of instruction must encompass proficient equipment operation, advanced data management systems, and the application of analytics to enhance athlete performance.		
5	Comprehensive Operation and Maintenance (O&M) of the HPSSC <i>(Note: The Service Provider shall bear end-to-end responsibility for the seamless, uninterrupted operational management, routine upkeep, preventive maintenance, and facility management of the High-Performance Sports Science Center in its entirety.)</i>		

C. **Completion Period:** The establishment, commissioning and operationalization of the High-Performance Sports Science Centre (HPSSC) shall be completed in all respects

within a period of 120 (one hundred and twenty) days reckoned from the date of issuance of the Letter of Award (LOA).

- D. **Knowledge Transfer:** The contracted firm shall transfer all technical knowledge, operational expertise and specialized intellectual capital to the designated personnel of the Department of Sports and the BSSA within the currency of the contract, as may be required. The training framework shall provide for complete capacity building, so as to enable employees of the State Government to manage, operate and maintain the Centre and its entire equipment ecosystem effectively, seamlessly and independently following handover upon the expiry or termination of the contract period.
- E. **Inspection, Testing and Quality Assurance:** The Service Provider shall satisfy itself, by carrying out a thorough pre-inspection of every lot of stores/goods prior to their actual delivery to or installation at the consignee's premises, that such equipment/stores/goods conform to the terms of the Contract and fully meet the specifications prescribed for establishment of the HPSSC. The Purchaser and/or its nominated representative(s) may inspect and/or test the ordered goods and the related services, without any additional cost being borne by the Purchaser, in order to verify their conformity with the contract, specifications incorporated in the contract. For the purpose of conducting such inspections and tests, the Service Provider shall furnish the Purchaser's inspector with all reasonable facilities and assistance, including access to the relevant drawings, design details and production data, at no charge to the Purchaser. Should the contracted goods, during the course of such inspections and tests, fail to conform to the prescribed specifications and standards, the Purchaser's inspector may reject the same, whereupon the Service Provider shall, free of cost to the Purchaser, either replace the rejected goods or carry out all alterations necessary to bring them in line with the specifications and standards, as may be required, and resubmit them to the Purchaser's inspector for the inspections and tests to be conducted afresh. The Purchaser's contractual right to inspect, test and, where necessary, reject the goods upon their arrival at the final destination shall remain unaffected by the fact that such goods may already have been inspected and cleared by the Purchaser's inspector at the pre-despatch inspection stage.
- F. **Warranty:**
- i. The Service Provider warrants comprehensively that all goods supplied under the contract are new and unused and embody the latest improvements in design and materials, save where otherwise specified by the Purchaser in the contract. The Service Provider further warrants that the goods supplied are free from any defect arising from design, materials or workmanship, or from any act or omission on its part, and that such goods shall perform without impediment under normal use and under the conditions prevailing in India.
 - ii. The Service Provider shall furnish a warranty for a minimum period of 01 (one) year reckoned from the date of installation, commissioning and acceptance. During the warranty period the Service Provider shall, promptly and free of cost, repair or replace any defective goods or parts thereof at the ultimate destination within the timeframe specified. Upon effecting any replacement, the Service Provider shall take over the parts or

goods so replaced, and no claim shall thereafter lie against the Purchaser in respect of such replaced items under any circumstances.

- iii. Where, after due notice, the Service Provider fails to rectify or replace the identified defect(s) promptly, the Purchaser reserves the right to take such remedial action as it may consider appropriate, at the risk and cost of the Service Provider. Such action may include undertaking the measures necessary to address the defects, without prejudice to any other contractual rights and remedies available to the Purchaser against the Service Provider.
- iv. The Service Provider shall maintain sufficient inventories at the site so as to ensure ex-stock supply of consumable spares for the goods, thereby enabling such spares to be supplied to the Purchaser promptly upon receipt of an order.
- v. The Service Provider shall ensure continuous availability of spare parts for the machinery and equipment supplied to the purchaser for a duration of Four (04) years, encompassing the warranty period. This obligation extends to both hardware and software components utilized in the data management, performance management, and analytical aspects of the sports science center.
- vi. The Service Provider shall furnish an UP-TIME warranty of 95% for the duration of the warranty period. In the event that downtime exceeds 5% in any year, the warranty period shall stand extended by twice the period of such downtime.

G. Centre Operations: The Centre shall ordinarily operate in two shifts, covering a total duration of 10 hours per day. However, during events of national or international significance, or in the event of specific exigencies, the High-Performance Sports Science Centre (HPSSC) may be required to extend its operational hours, as necessary, to ensure continuity of services and appropriate support to athletes and other stakeholders.

5.4 Deployment of Human Resources

- I. The Bidder shall deploy the requisite number of skilled personnel, each assigned responsibility for a specific role within the system, and shall set out clearly, as part of its proposal, the role and responsibilities of every individual so deployed. Where the performance of any Human Resource(s) provided is found to be unsatisfactory, the Authority shall notify the agency, and the agency shall thereafter furnish replacement staff within 6 weeks. The replacement process shall be initiated within 7 days of such notification by the Authority
- II. The Service Provider shall deploy not less than 75% of such qualified staff by the time of the launch of the HPSSC, and the balance 25% within 30 days from the date of such launch.
- III. The Bidder shall maintain a defined hierarchy and reporting structure for various teams that shall be part of the project.

- IV. The Department reserves the right to interview each of the proposed resources prior to accepting their deployment on the project.
- V. The Bidder shall use commercially reasonable endeavours to retain the services of its Key Resources, including by offering competitive compensation, benefits and other terms of engagement to its Resources so as to encourage them to remain in the Bidder's employment.
- VI. The Bidder shall not alter the composition of the Key resources and not require or request any member of the Key resource to cease or reduce his or her involvement in the provision of the Services during the Term (or agree to any request other than from the department that would have the same effect):
 - A. Unless that person resigns, is terminated for cause, dies, is long-term disabled, is on permitted mandatory leave under Applicable Law or retires; or
 - B. Without prior written consent of Department of Sports, BIHAR.
- VII. Where a resource resigns, the Bidder shall promptly commence a search for a replacement so as to ensure that the position of any member of the Key Resources does not remain vacant for more than 15 days, subject to such reasonable extensions as the Bidder may request from the Department of Sports, Bihar.
- VIII. Increments to the remuneration of the deployed manpower shall be applicable on an annual basis, subject to performance and to mutual agreement with the Department.
- IX. Prior to deploying any replacement member of the Key Resources to the provision of the Services, the Bidder shall furnish the Department with the curriculum vitae of the candidate together with such further information concerning the candidate as the Department of Sports, Bihar may reasonably require, and shall afford the Department an opportunity to interview the candidate, if required.
- X. The Bidder shall provide replacement resources who have at least the same or equivalent qualifications and experience as the resource proposed originally on the same evaluation parameters defined in this RFP document.
- XI. If the Department objects to the proposed appointment, Bidder shall not assign the individual to that position and shall seek an alternative resource.
- XII. During project implementation, a fortnightly progress review shall be conducted regarding the progress of the project during which all the resources should be present.
- XIII. The Bidder shall furnish its resources with laptops (if required) equipped with the tools required for the work and development environment necessary to complete this engagement.
- XIV. The Bidder shall arrange immediate replacement of resources in the event if the department is not satisfied with the resource.

6. Data Sheet

S. No.	Activity	Description
General		
1	Assignment Name	RFP for Establishment & Operation of High-Performance Sports Science Center in Rajgir, Bihar
2	Client Name	Department of Sports, Government of Bihar
3	Nodal Officer Contact Details	Department of Sports, Room No 416, 4th Floor, Vikas Bhawan, New Secretariat Building, Patna - 800015, Bihar
4	Language	All Proposals shall be submitted in English. All related correspondence shall be in English.
Technical		
5	Proposal Submission	All documents as sought in this RFP to be submitted in the Bihar e-procurement portal. JV/Consortium not allowed.
6	Tender Fee Processing Fee	₹10,000/- (Rupees Ten Thousand Only), drawn in the form of a demand draft (DD)/bank guarantee (BG) from a Commercial Bank in favour of "Department of Sports, Bihar" payable at Patna. The original DD/BG must be sent to the office address, and a scanned copy must be submitted online.
7	Earnest Money Deposit (EMD)	₹63,00,000/- (Rupees Sixty-Three Lakhs Only), drawn in the form of a demand draft (DD)/bank guarantee (BG) from a Commercial Bank in favour of "Department of Sports, Bihar" payable at Patna. The Bid Security must be valid for a period of ninety (90) days beyond the validity period of the bid. The EMD shall be returned to the bidders as per relevant rules/guidelines issued by the Government of India from time to time.
8	Validity of the Proposal	180 Days (may be extended upon mutual consent)
9	Clarifications	Clarifications may be requested no later than 06 days from the date of publishing of the RFP by email only Annexure K.

S. No.	Activity	Description
Submission, Opening, and Evaluation		
10	RFP Publication Date	16.10.2026, Friday
11	Submission Note	Eligible firms/agencies/organizations are invited to submit their bids on the portal ONLY. 1. Bidders are NOT to submit the cost as part of the Technical Proposal. 2. Bidders are NOT to submit Financial Proposal/Cost in email. 3. Submission of more than one bid by the same bidder shall entail disqualification.
12	Address for Tender Fee and EMD Submission	Original DD/BG of Tender Fee and EMD must be submitted to Office of the Secretary at Department of Sports, Room No 416, 4th Floor, Vikas Bhawan, New Secretariat Building, Patna - 800015, Bihar
13	Pre-Bid Meeting (Only Offline Mode)	23.10.2026, 03:00 PM (Friday)
14	Tender Due Date / Bid Submission Deadline	23.11.2026, 03:00 PM (Monday)
15	Opening of Technical Proposal	23.11.2026, 04:00 PM (Monday)
16	Opening of Financial Proposal	Shall be intimated later
17	Method of Evaluation	Quality and Cost Based Selection (QCBS)

7. General Conditions of Contract

1. This RFP governs the establishment and operation of a High-Performance Sports Science Centre in the manner and to the extent set out in the Scope of Services at Clause 5 of this document.
2. Before preparing and submitting its Bid to the Purchaser, the bidder shall read and examine all the terms and conditions, instructions, specifications and the like contained in the bid document. Any failure to furnish the requisite information or to comply with the instructions incorporated in this bid document may render the bid liable to rejection.

3. The Purchaser may, at any time before the deadline for submission of bids and for any reason whether on its own initiative or in response to a clarification sought by a prospective bidder modify the bid document by issuing appropriate amendment(s) thereto, and every such amendment shall be published on the Bihar e-Procurement website.
4. Bidders shall consider all corrigenda published on the tender document before submitting their bids.
5. Submission of more than one Bid by the same Bidder shall result in disqualification from participating in the bid process. OEM or its Agent / Authorized Dealer shall submit the Bid.
6. Where an amended document or corrigendum is issued after a bidder has submitted its proposal, the bidder may apply to withdraw its original proposal and submit a fresh one before the date of opening of proposals, in accordance with the guidelines laid down on the Bihar e-Procurement portal.
7. All goods and related services supplied under the contract shall originate in India or in any other country with which India has not prohibited trade relations. For the purposes of this clause, the expression "origin" denotes the place at which the goods are produced or manufactured, or from which the related services are arranged and supplied.
8. All costs and expenditure incurred or to be incurred by the Bidder by it in connection with its tender including preparation, mailing and submission of its tender and for subsequent processing of the same. The purchaser will, in no case, be responsible or liable for any such cost, expenditure etc. regardless of the conduct or outcome of the tendering process.
9. Each Bidder shall fully acquaint itself with all the local conditions and factors, which would have any effect on the performance/completion of the contract in all respects. Bidders would themselves be responsible for compliance with Rules, Regulations, Laws and Acts in force from time to time in India and/or country of manufacture and supply. On such matters, the purchaser shall not entertain any request from the bidders.
10. A bidder may, after submitting its bid, submit alterations or modifications thereto, provided such alterations or modifications are received duly sealed and marked in the same manner as the original bid, on or before the date and time appointed for submission of bids. No amendment or modification received after the prescribed date and time for receipt of bids shall be entertained.
11. The Bid shall be signed by the Bidder's Authorized Signatory and duly stamped at the appropriate places, with the remaining pages of the bid bearing his initials. Any person signing the tender form, or any document forming part of the contract, on behalf of another whether manually or digitally shall be deemed to have warranted that he possesses the authority to bind such other person; and should it transpire on enquiry that the person so signing was without such authority, the Purchaser may, without prejudice to any other civil and criminal remedies available to it, cancel the contract and hold the signatory liable for all costs and damages.
12. Conditional Bids shall be rejected outright.
13. Alternative Bids shall not be permitted.
14. Where any variation and/or deviation exists between the goods and services prescribed by the Purchaser and those offered by the bidder, the bidder shall set out each such

variation and/or deviation unambiguously in the form of a chart and submit the same along with its technical proposal.

15. Should a bidder furnish incorrect and/or misleading data, statement(s) and the like concerning the technical acceptability of the goods and services offered by it, its tender shall be liable to be disregarded and rejected, in addition to such other remedies as may be available to the Purchaser in this behalf.
16. The bid of a bidder, who does not fulfil any of the requirements of this RFP and/or gives evasive information /reply against any such requirement, shall be liable for rejection.
17. The Earnest Money Deposit (EMD) of a bidder shall be liable to forfeiture, without prejudice to the other rights of the Purchaser, where the bidder withdraws or amends its tender, or impairs or derogates from the tender in any respect, during the period of validity of its tender, or where it comes to notice that the information/documents furnished in its tender are incorrect, false, misleading or forged. The earnest money of the successful bidder shall likewise be forfeited, without prejudice to the other rights of the Purchaser, should it fail to furnish the requisite performance security within the period stipulated by the Purchaser in its work order/letter of intent.
18. Where, in terms of a notification issued by the Government of India, a bidder falls within a category exempted from furnishing Bid Security, it shall submit the relevant notification together with the requisite documents, such as a valid Registration Certificate and the like, along with its Technical Proposal, for consideration. The grant of such consideration shall, however, rest entirely within the discretion of the competent authority.
19. In exceptional circumstances, the Purchaser may request bidders to consent to an extension of the validity of their bids for a specified period. Bidders who agree to such an extension shall confirm their agreement in writing, but shall not be permitted to modify their original bids during the extended validity period. Should the day on which the bid validity expires fall on a holiday, or on a day declared to be a holiday or a closed day for the Purchaser, the validity of the bids shall stand extended automatically until the next working day.
20. The Purchaser reserves the right to cancel the bidding process and reject all bids at any time before the contract is awarded, without incurring any liability of any kind to the bidder or bidders so affected.
21. The authority would not be responsible for the non-receipt of the proposals within the stipulated time due to transit delays including delays in postal and courier agencies etc. Claims for acceptance of the offer after the stipulated time will be subject to the decision of the competent authority.
22. Bids shall be signed at the places indicated in the tender enquiry documents, and all remaining pages of the tender, including any printed literature, shall bear the initials of the same person or persons who signed the tender. The tender shall contain no erasure or overwriting, except where required to correct an error made by the bidder, and every such correction shall be initialled by the person or persons signing the tender. Authorization shall be conferred by a written power of attorney or board resolution, which shall accompany the bid.

23. Bids shall be received by the Purchaser not later than the date and time stipulated in the bid document.
24. From the submission of its bid until the award of the Contract, a Bidder needing to communicate with the Purchaser in relation to this tender enquiry and/or its own tender shall do so in writing only.
25. Should a bidder attempt to influence the Purchaser in its decision on the scrutiny, comparison and evaluation of tenders and the award of the contract, the tender of such bidder shall be liable to rejection, in addition to such administrative action being taken against that bidder as the Purchaser may deem fit.

8. Technical Bid: Submission Requirements and Qualifying Criteria

1. Submission Format and Authentication:

The Bidder shall furnish all required documents strictly in the prescribed manner and formats annexed herewith. Every document must be executed on the official letterhead of the firm, bearing the signature and stamp of the Authorized Signatory.

2. Electronic Submission Procedure:

All bid components must be uploaded exclusively through the Bihar e-Procurement Portal (<https://eproc2.bihar.gov.in>). Physical, telephonic, or email submissions shall not be entertained.

3. Organization and Indexing:

All Bid components shall be page-numbered, appropriately indexed, and organized in a logical, sequential order to facilitate seamless technical evaluation.

S. No.	Criteria	Required Documentation
1	Tender submission letter on the letterhead of the Bidder	As per Annexure A
2	Original and scanned copies of the Bid Security/EMD and the tender processing fee	As per instructions given in the Data Sheet. Annexure L – Supporting Form
3	Authorization Certificate issued by the OEM in favour of the Bidder, where the Bidder is not the Manufacturer of the goods to be supplied	Authorization Certificate issued by OEM. (Annexure C)
4	The Service Provider shall be incorporated and registered in India under the Indian Companies Act, the Partnership Act, the LLP Act or any other relevant law of India	Certificate of Incorporation/ Registration Certificate/ Partnership Deed of the firm / Company/Agency.

S. No.	Criteria	Required Documentation
5	Income Tax Returns duly filed and up to date for the preceding 3 Financial Years, namely 2023-24, 2024-25 and 2025-26	Copies of IT returns to be submitted
6	The Bidder shall have a minimum average turnover of not less than ₹12 Crore (from sports science related activities) in any three of the last 05 Financial Years ending on 31st March 2026, namely 2021-22, 2022-23, 2023-24, 2024-25 and 2025-26	Certificate from Statutory Auditor/registered Chartered Accountant. (Annexure J – Sample)
7	The Bidder shall have prior experience of establishing and running at least 1 high-performance sports science centre, of value exceeding ₹7.5 Crore, during the last 5 Financial Years ending on 31st March 2026	Work order and Work Completion Certificate clearly stating the name and details of client, scope of work, items supplied, date of supply, contract value etc. Work Orders without work completion certificates shall not be considered.
8	The Bidder shall be solvent	Bidder must submit a Solvency Certificate from any Scheduled commercial Bank in India authenticating the financial soundness of the Bidder for participating in supply of such equipment.
9	The Bidder shall not have been blacklisted by any Central/State Government or PSU, and no criminal proceedings or convictions shall subsist against the Bidder	Self-Certification/Undertaking regarding the same (Annexure I)
10	Valid PAN and GST Registration Certificate	Signed and stamped photocopy.
11	Letter of authorization	Power of attorney/Board resolution. (Annexure B)
12	Proposed Human Resources	a. Updated CVs of all proposed human resources as per the attached format (Annexure M) b. The Roles & Responsibilities of the proposed personnel for the smooth functioning of the HPSSC. (Annexure O)

S. No.	Criteria	Required Documentation
13	Product manual/brochure/catalogue	Detailed name, model number, information, specifications, images of the product that is going to be supplied if successful. (Annexed Equipment List)
14	The Bidder shall have no conflict of interest with any other bidder in terms of Clause 13 of this RFP	As per Annexure D
15	The Bidder shall abide by the Code of Integrity.	Undertaking on Code of Integrity, duly signed and stamped, as per Annexure E
16	General Particulars of the bidders	As per Annexure F

Notes:

- Applications without Bid Processing Fee will lead to disqualification from the selection process.
- The Technical bid shall not include any financial information. Such a bid shall be summarily rejected.

9. Financial Bid

1. The Financial Bid shall be submitted in accordance with the instructions set out in the Data Sheet and the guidelines of the Bihar e-Procurement portal, in the format prescribed in the annexed price schedule form/BoQ.
2. Bidders shall quote prices against each and every item and section set out in the price schedule form/BoQ. Any bidder failing to quote prices for all such items and sections shall stand summarily disqualified.
3. Bidders shall not submit the detailed cost breakdown as part of the Technical Proposal. Submission of such financial details in the Technical Proposal shall be considered a material deviation and will result in immediate disqualification of the bid.
4. All Bidders shall quote prices on a DDP (Delivered Duty Paid) basis to the destination/consignee, in accordance with INCOTERMS as amended from time to time, and shall furnish a break-up of such prices in the price schedule format annexed hereto.
5. All prices shall be quoted in Indian Rupees only. Any bid in which prices are quoted otherwise shall be treated as non-responsive and shall be rejected.
6. The prices quoted for the Services and Equipment shall be firm and shall not be subject to any upward variation. The Purchaser reserves the right to enter into negotiation of prices in accordance with such rules/guidelines/norms as may be issued by the Government of India from time to time.

7. Bidders shall quote their lowest and most competitive prices.
8. The Bidder shall quote only one price against each line item.
9. Every applicable column in the Price Schedule shall be completed as required. If any column does not apply to a Bidder, the same should be clarified as "NA" (means Not Applicable) by the Bidder.
10. Where, in the price structure quoted by a bidder, a discrepancy exists between the unit price and the total price (arrived at by multiplying the unit price by the quantity), the unit price shall prevail and the total price shall be corrected accordingly.
11. Where any discrepancy arises between amounts stated in words and figures, the amount in words shall prevail.
12. If as per the judgment of the purchaser, there is any such arithmetical discrepancy in a tender, the same will be suitably conveyed to the bidder by registered/speed post.

10. Examination and Evaluation of Bids

1. The Technical Bids shall be opened first, at the prescribed date and time as indicated in the Data Sheet. The Technical Bids shall then be examined and evaluated by the Purchaser with reference to parameters prescribed in the Bid Document.
2. The Technical Bid shall be assessed, and the technical bid marks will be assigned based on the following evaluation matrix:

Sl. No.	Criteria	Max Marks	Document/Evidence Required
1	Average Annual Turnover: The bidder should have an average annual turnover of at least ₹12 Crore from Sports Science related activities, calculated on the basis of the highest three annual turnovers achieved during any of the last five Financial Years, i.e. 2021-22, 2022-23, 2023-24, 2024-25 and 2025-26. For evaluation, the three highest annual turnovers among the above five Financial Years shall be considered, and the average shall be calculated as: Average Turnover = (Highest Turnover + 2nd Highest Turnover + 3rd Highest Turnover) ÷ 3 ₹12 Crore to ₹13.50 Crore – 15 M ₹13.50 Crore to below ₹15 Crore - 20M ₹15 Crore and above – 25M	25	Certificate from Statutory Auditor/registered Chartered Accountant

Sl. No.	Criteria	Max Marks	Document/Evidence Required
2	Experience in establishing and running at least 1 high-performance sports science centre of value exceeding ₹7.5 Crore 1. One assignment of value more than 7.5 crore to 9.5 crore - 10 Marks 2. One assignment of value more than 9.5 Crore to 10.5 crores - 15 Marks 3. One assignment of value more than 10.5 Crores to 11.5 Crores - 20 Marks 4. One assignment of value more than 11.5 Crores - 25 Marks <i>Only One (01) such assignment implemented in the last 05 Financial years ending on 31st March 2026 would be considered.</i>	25	Completion certificate to be submitted clearly mentioning value of contract, details of work with time duration as per annexed format. Work order without completion certificate will not be considered.
3	Number of projects wherein technical manpower/ Human Resource for sports science facility has been provided (05 marks per project)	10	Work Order / Relevant Contract Agreement
4	Technical Presentation: 1. Agency Background/ Credential - 5 marks 2. Previous major projects handled and ongoing projects (if any) - 15 marks 3. Innovative Solutions (Approach, Methodology, Work Plan, Data Analysis & Reporting method) - 15 marks 4. Human Resource(s) (Details of Proposed Personnel along with qualifications & experience) - 5 marks	40	Technical Presentation
	Total	100	
	Qualifying Marks	70	

3. The Technical Bids will be evaluated based on eligibility criteria and only those Bidders whose Technical Proposals get a score of **minimum 70 (seventy) marks or more out of 100 (one hundred)** shall qualify for financial bid opening and shall be ranked from highest to the lowest based on their technical score ST.

In the subsequent stage, the Financial Bids of only the technically qualified bids / offers shall be opened for further scrutiny and evaluation.

4. The selection of the bidder shall be based on the QCBS method in which weightage of the technical score shall be 80% and weightage of the financial score shall be 20%.
5. The lowest quoted Financial Proposal FM is given the maximum financial score SF of 100.

The financial scores of other Proposals will be computed as follows:

$$SF = 100 \frac{FM}{F} \text{ (where } F = \text{amount of Financial Proposal)}$$

Proposals will finally be ranked according to their combined technical *ST* and financial *SF* scores as follows:

$$S = ST \times 80\% + SF \times 20\%$$

6. The Bidder securing the highest combined score shall be declared the Successful Bidder.
7. Bids will be evaluated based on the terms & conditions already incorporated in the RFP document.
8. The tenders shall be examined for completeness and meet the essential requirements. Tenders which do not meet the basic requirements will be summarily ignored.
9. A Bid may be treated as non-responsive for, inter alia, missing qualification documents, unsigned tenders, short validity, missing EMD, or non-compliance with technical specs.
10. The Purchaser may seek clarification regarding minor infirmities via e-mail asking the bidder to respond by a specified date.
11. The comparison of the techno commercially responsive Bids for ranking purposes shall be carried out on Delivery on DDP basis at Consignee Site basis.
12. In case of tie, the agency with the higher average turnover in any three of the last five financial years ending on 31st March 2026 would be considered. The decision regarding the same is at the sole discretion of the department.

11. Award of Contract & Signing of Agreement

1. The Bidder whose Bid is finally accepted on the basis of the technical and financial evaluation shall be notified of the Letter of Award by the Purchaser before the expiry of the bid validity period.
2. Execution of the Agreement: Within 7 (seven) days of receipt of the signed copy of the LOA, along with the Performance Security, the Agreement shall be signed by the Qualified Bidder, failing which the Performance Security shall be forfeited and appropriated by **Department of Sports, BIHAR**. Upon signing of the Agreement, the Qualified Bidder shall be considered to be the "Successful Bidder".
3. The Department of Sports, Bihar may terminate the contract or cancel the LOA should it be found that the Bidder has, on any previous occasion, been blacklisted by any

Central/State Government, Ministry, Department, Institution, Local Body, Municipality, PSU or the like.

4. The Department may likewise terminate the contract or cancel the LOA in the event that the Successful Bidder fails to furnish the Performance Security or fails to execute the agreement.
5. The Successful Bidder shall furnish to the Purchaser the required Performance Security (5% of the total cost of the contract). The Performance Security should remain valid for a period of 60 days beyond the date of completion of work.
6. The Work Order/Letter of Award (LoA) shall specify the sum payable by the Purchaser to the successful bidder in consideration of the items to be supplied.
7. The Department reserves the right to terminate the contract/LoA without assigning any reason, upon giving 30 days' notice.
8. The Purchaser reserves the right to disqualify, for such period as it may consider appropriate, any bidder who fails to supply the items within time.
9. Misrepresentation of facts, if detected at any stage during the contract period, including under the warranty clause, shall likewise attract disqualification. Time and the quality of the equipment shall be of the essence of the Agreement.

12. Corrupt or Fraudulent Practices

1. All concerned parties, including the Bidder/Service Provider, shall to observe the highest standard of ethics during the procurement and execution of such contracts. In pursuance of this policy, the Purchaser:
 - A. The Purchaser shall reject a proposal for award where it determines that the bidder recommended for the award has engaged in corrupt or fraudulent or collusion or coercive practices in competing for the contract in question.
 - B. The Purchaser may declare a firm ineligible or blacklist it for a stated period, to be awarded a contract by the Purchaser if it at any time determines that the firm has engaged in corrupt or fraudulent or collusion or coercive practices in competing for, or in executing the contract.
 - C. The Purchaser reserves the right not to conclude the contract/LoA and in case contract/LoA has been issued, terminate the same, if found to be obtained by any misrepresentation, concealment and suppression of material facts by the bidder.

13. Conflict of Interest among Bidders

1. A Bidder shall not have any conflict of interest with any other Bidder. Conflicts of interest of this nature are capable of giving rise to anti-competitive practices operating to the detriment of the Purchaser's interests. Any bidder found to be affected by a conflict of interest shall be disqualified. A bidder may be regarded as having a conflict of interest with one or more parties to this bidding process where:
 - a. they share controlling partner(s) in common; or

- b. they receive, or have at any time received, any direct or indirect subsidy or financial stake from any of them; or
- c. they have engaged the same legal representative/agent for the purposes of this bid; or
- d. a relationship subsists between them, whether directly or through common third parties, which places them in a position to obtain information concerning, or to exert influence over, the bid of another bidder; or
- e. the bidder participates in more than one bid in this bidding process, in which event all bids in which the parties concerned are involved shall stand disqualified; or
- f. a manufacturer (in respect of equipment) has authorized more than one agent/dealer, a manufacturer being entitled to authorize one agent/dealer only; or
- g. the bidder, or any of its affiliates, has participated as a consultant in the preparation of the design or technical specification of the contract forming the subject matter of the bid; or
- h. in the case of a holding company having more than one independently manufacturing unit, or more than one unit under common business ownership/management, more than one such unit has quoted, only one unit being permitted to do so.

14. Terms and Schedule of Payment

1. Payments under this Contract shall be released by the Purchaser following scrutiny, verification of invoices and supporting documents submitted by service provider. Payment will be made to the Service provider's nominated bank account. The method and conditions of payment to be made to the Service provider shall be as follows:
 - A. Goods/Equipment:** 50% of the Contract Price of the Goods/Equipment to be delivered to the consignee shall be paid in advance.
 - B. On successful installation, commissioning and testing of equipment:** Remaining 50% of the Contract Price of Goods received shall be paid within 30 days of receipt of Final Acceptance Certificate issued by the Consignee.
 - C. Services Operations and Maintenance cost (incl. Manpower cost):** Monthly.
 - D. Annual Manpower and Operations & Maintenance escalation:** To account for inflationary increases in manpower, consumables, management & maintenance, the O&M charges shall be revised annually on a mutually agreed basis between the Service Provider and the Department. The revision shall be capped at 10% per annum of the total annual O&M cost payable in the immediately preceding contract year, and shall take effect from the first day of each subsequent contract year, subject to written approval of the Department.
2. Prospective Bidders are encouraged to undertake site visits to familiarize themselves with the facility.
3. The Service Provider shall, at the close of each month, submit bills/invoices in respect to the operation and running of the High-Performance Sports Science Centre.
4. Time and quality shall constitute essential conditions of the Contract. Any delay on the part of the Service Provider as against the timelines defined above shall not be reckoned

for payment by the Purchaser, and such payments shall attract penalties in terms of Clause 16 of this RFP.

5. Payment shall be subject to deduction of any sums for which the Service Provider is liable under the tender conditions. All payments shall further be subject to deduction of TDS (Tax Deducted at Source) in accordance with the Income-Tax Act as in force and/or any other Government Orders or rules.
6. The Service Provider shall factor all overhead costs into its Bid while submitting the bid.

15. General Terms and Conditions of the Bid

1. All information and details furnished to the Department of Sports, Bihar shall be supported by documentary proof duly certified by the Bidder's authorized signatory.
2. The Service Provider shall not, save with the prior written approval of the Department of Sports, Bihar, incur any liability on behalf of the Department, pledge the Department's credit, or make any representation or give any warranty on behalf of the Department of Sports, Bihar.
3. Submission of a Bid in response to this RFP by a Bidder, or the rejection thereof by Department of Sports, BIHAR, in its absolute discretion, shall not itself constitute any relationship, legal or otherwise, between the department and the Bidder.
4. The Bidder shall strictly comply with all terms and conditions of this RFP. The department reserves the right to call upon any or all the Bidders to satisfy the department regarding the correctness and genuineness of any document submitted.
5. The Department may additionally require any or all Bidders to make a presentation to Department of Sports, BIHAR in respect of the capabilities represented by the Bidder at any time prior to the finalization of the Bid.
6. The Bidder shall, at its own cost, maintain and provide and to the reasonable satisfaction of Department of Sports, BIHAR, such offices and other premises, as may be necessary for the efficient and effective performance of its obligations under the scope of work.
7. Privileges: The following privileges shall be extended to the Service Provider:
 - A. A performance certificate shall be issued by the Department to the Service Provider upon the satisfactory discharge of its services in respect of each Phase of the project.
 - B. A successful completion certificate shall be issued by the Department upon completion of the contract to the satisfaction of the Department of Sports, Bihar.
8. Governing Law and Jurisdiction: The RFP and the relationship between the Bidder and the department shall be interpreted in accordance with the laws of India. The courts of Patna shall have exclusive jurisdiction over any dispute arising in relation to the RFP and/or the relationship between the Bidder and Department of Sports, BIHAR.
9. The Bidder shall be responsible for fully acquainting itself with all operational and legal conditions and factors which may have any effect on the execution of the awarded contract as described in the RFP.

10. The department shall endeavour to respond to all queries deemed relevant by the department.
11. The Bidder shall not be taken over or bought over by any other company, save with the prior written approval of the Department and upon such terms and conditions as it may impose.
12. The Department may at any time terminate the contract with immediate effect, by written notice to the successful Bidder and without any compensation or liability, should the Bidder commit any breach of contract.
13. Where, however, the Department of Sports, Bihar wishes to terminate for convenience, it shall serve 30 days' notice upon the Bidder, without any cost and/or liability.
14. The Bidder shall monitor and deploy adequate skilled Human Resources so as to complete the deliverables within the timelines set out in the Scope of Work.
15. The Bidder shall ensure the appropriate deployment of resources at site throughout all phases of the project, and the deployment plan shall be approved by the Purchaser in advance.
16. The Bidder shall ensure that all resources deployed on the project are paid in a timely manner, and shall in doing so comply with all laws of the land, including all statutory liabilities.

16. Penalty Clause

1. Where the Service Provider fails to commence or execute the work as stipulated in the agreement, or performs unsatisfactorily, or does not meet the statutory requirements of the contract, the Department reserves the right to impose penalties as detailed below:
 - a. Where the Bidder fails to deliver and install the equipment within 4 months: 2% of the total contract value; or
 - b. payment for the work order/agreement per day, subject to a maximum of 10% for the project.
2. Should the delay continue beyond the period stipulated above, the Department reserves the right to cancel/terminate the contract and forfeit the Performance Security, in addition to such other rights and remedies as may be available to the Department of Sports, Bihar.
3. The Service Provider shall be debarred from participating in tenders of this nature, and the Performance Security may also be forfeited/invoked, if so warranted.
4. No penalty shall be imposed in respect of delays attributable to the Department, or arising from reasons falling within the definition of Force Majeure under this RFP.
5. Purchaser shall release payment after making the necessary deductions on account of penalty.
6. In respect of delays in service deliverables for reasons not attributable to the selected bidder, the Purchaser shall decide upon the extension of such timelines and the levy of penalty.
7. In respect of service delays for reasons not attributable to the selected bidder, the Purchaser may consider extending the service delivery timelines. The selected bidder shall bring such delays to the notice of the Purchaser in writing.

17. Patents, Copyrights & Intellectual Property Rights

1. The Intellectual Property Rights in all software and documents (including source codes, databases, documents, training manuals, course content and the like) developed for this project shall vest perpetually in the Purchaser for all purposes.
2. All software code, data, algorithms, documentation, manuals and other materials generated in the course of implementation of this project shall belong solely to the Department of Sports, Bihar.
3. The Bidder shall ensure that no Intellectual Property Rights (IPR) of any third party are infringed. Should, however, a third-party claim that a product delivered by the Bidder infringes that party's patent, copyright or any other form of IPR, the Bidder shall fully indemnify the Department of Sports, Bihar/Purchaser in that regard.
4. The Bidder agrees and acknowledges that all Intellectual Property Rights in work created by the Bidder pursuant to this RFP/Tender Documents shall stand vested in favour of the Department for all purposes.

18. Handover

1. The Selected Bidder shall prepare a Handover Policy, which shall be subject to the approval of the Purchaser.
2. The Handover shall be carried out by the Purchaser at the conclusion of the Contract in accordance with the said policy document.
3. The Handover shall comprise all course material (in both soft and hard copies), video tutorials, if any, and all related documents.
4. Non-compliance may result in the forfeiture of payments due and of the performance security/bank guarantee.

19. Force Majeure

1. For the purposes of this Clause, "Force Majeure" shall mean an event beyond the control of the Successful Bidder, not attributable to any fault or negligence on its part, and not reasonably foreseeable. Such events may include, but shall not be limited to, acts done in a sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, pandemics, quarantine restrictions, lockdowns and freight embargoes.
2. Upon the occurrence of a Force Majeure event, the Successful Bidder shall promptly notify the Department of Sports, Bihar in writing of such conditions and the cause thereof, within 7 (seven) days of the occurrence of such event.
3. Where the performance, in whole or in part, of any obligation under this contract is prevented or delayed by reason of Force Majeure for a period exceeding 60 (sixty) days, the Department may at its option terminate the contract without any financial repercussions on either side.

4. Should the Department of Sports, Bihar be unable, by reason of a Force Majeure event, to discharge its contractual commitments and responsibilities, it shall notify the Successful Bidder accordingly.

20. Settlement of Disputes and Arbitration

1. Any dispute or difference arising out of or in relation to this Contract, including any dispute concerning the validity of the present contract or any part thereof, shall be settled by bilateral discussion. The Department and the Successful Bidder shall make every effort to resolve amicably, by direct informal negotiation, any disagreement or dispute arising between them under or in connection with the Contract.
2. Where the parties are unable to resolve the dispute or difference by such mutual consultation within 30 (thirty) days of its occurrence, either the Department of Sports, Bihar or the Successful Bidder may give notice to the other party of its intention to commence arbitration. The arbitration procedure applicable shall be that laid down in the Arbitration and Conciliation Act, 1996, as amended, together with the rules made thereunder and any statutory modification or re-enactment thereof, and the award of the Arbitral Tribunal shall be enforceable in Indian courts only. The dispute or difference shall be referred to a sole Arbitrator appointed by the Parties by mutual consent, failing which each party shall appoint one Arbitrator, and the two Arbitrators so appointed shall together appoint an umpire. The award of the arbitrator shall be final and binding upon the parties to the Contract.
3. Venue of Arbitration: The Sole Arbitrator shall have his seat at Patna.
4. The arbitration proceedings shall be conducted in the English language.
5. Each party shall bear its own costs of preparing and presenting its case. The costs of the arbitration, including fees and expenses, shall be borne equally by the parties, unless otherwise awarded by the sole arbitrator.
6. The parties shall continue to perform their respective obligations under this contract during the pendency of the arbitration proceedings, save in so far as such obligations form the subject matter of the arbitration proceedings.
7. All matters arising in connection with this Contract shall be governed by Indian law, both substantive and procedural, for the time being in force, and shall be subject to the exclusive jurisdiction of the High Court at Patna.

Annexure A - Covering Letter for Tender Submission

To,
The Secretary,
Department of Sports,
Government of Bihar

Sub: Proposal for Establishment & Operation of High-Performance Sports Science Centre at Rajgir, Bihar

Sir/Ma'am,

1. With reference to the RFP: 5/खेल 8-18/2026/RFP/01 dated 16.10.2026 in respect of the above-captioned project, together with the clarifications issued thereon by the Department of Sports, Government of Bihar, we, _____, having examined all relevant documents and understood their provisions, hereby submit our proposal for selection as service provider for the Establishment & Operation of the High-Performance Sports Science Centre at Rajgir, Bihar. This proposal is unconditional.
2. All information set out in the Proposal and in the Appendices is true and correct, and all documents accompanying the said Proposal are true copies of their respective originals.
3. This statement is made for the express purpose of our appointment as the service provider for the aforesaid Project.
4. We shall make available to the Department any additional information that it may deem necessary or require for the purpose of supplementing or authenticating the Proposal.
5. We acknowledge and accept the right of the Department to reject our Proposal without assigning any reason whatsoever, and hereby waive our right to challenge the same on any account.
6. We certify that, during the last five years, neither we nor any of our Associates have failed to perform on any contract, as evidenced by the imposition of a penalty by an arbitral or judicial authority, or by a judicial pronouncement or arbitration award against the Bidder, nor have we been expelled from any project or contract by any public authority, nor has any contract of ours been terminated by any public authority for breach on our part.

We hereby declare that:

- a. we have examined the RFP Documents, including any Addendum issued by the Government of Bihar, and have no reservations in respect thereof;
 - b. we have not, whether directly, indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice in respect of any tender or request for proposal issued by, or any agreement entered into with, the Government of Bihar or any other public sector enterprise or any Government, whether Central or State; and
 - c. we certify that we have taken steps to ensure that no person acting for us or on our behalf shall engage in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice.
7. We understand that the entire Process may be cancelled at any time, and that you are bound neither to accept any Proposal that you may receive nor to select the Agency, without thereby incurring any liability to the Bidders.
 8. The undersigned is duly authorized to execute and submit the documents being submitted through this RFP. (A copy of the Power of Attorney/Board Resolution is enclosed.)

9. In the event our firm is selected as the Agency for this project, we shall comply with all rules laid down under this RFP and with any contract/work order assigned to us by the Department.
10. The information furnished herein is true and correct to the best of our knowledge. Should any discrepancy be found in the information provided, or should the information provided be found incorrect, our firm shall be fully responsible therefor, and we understand that in such event our bid shall be liable to be rejected.

Annexure B - Format for Power of Attorney

By these presents that we, ... (Name of Firm and address of the registered office), do hereby constitute, nominate, appoint and authorize Mr/Ms, presently residing at, who is presently in our employment and holds the position of, as our true and lawful attorney (hereinafter referred to as the "Authorized Representative"), to do in our name and on our behalf all such acts, deeds and things as may be necessary or required in connection with or incidental to the submission of our proposal for the "RFP for Establishment & Operation of High Performance Sports Science Centre at Rajgir, Bihar" issued by the Department of Sports, Government of Bihar, including but not limited to signing and submitting all applications, proposals and other documents and writings, participating in pre-proposal and other conferences, furnishing information and responses to the authority, representing us in all matters before the authority, signing and executing all contracts and undertakings consequent upon acceptance of our proposal, and generally dealing with the Government of Bihar in all matters connected with, relating to or arising out of our Proposal for the said Project and/or, upon its award to us, until the entering into of the Agreement with the Department of Sports, Government of Bihar.

AND we do hereby agree to ratify and confirm all acts, deeds and things lawfully done or caused to be done by our said Authorized Representative pursuant to and in exercise of the powers conferred by this Power of Attorney, and further agree that all acts, deeds and things done by our said Authorized Representative in exercise of the powers hereby conferred shall be, and shall at all times be deemed to have been, done by us.

IN WITNESS WHEREOF WE, ..., THE ABOVE-NAMED PRINCIPAL, HAVE EXECUTED THIS POWER OF ATTORNEY ON THIS DAY OF,

For

Annexure C - Manufacturer's Authorization Form

To,
The Secretary,
Department of Sports,
Government of Bihar,

Sub: Proposal for Establishment & Operation of High-Performance Sports Science Centre at Rajgir, Bihar

Sir/Ma'am,

With reference to your RFP: 5/खेल 8-18/2026/RFP/01 dated 16.10.2026 we, _____ (Name of the Manufacturer), being established and reputable manufacturers of _____ Equipment and having our factories/offices at _____, do hereby authorize Messrs _____ (name and address of the agent) to submit a Bid, to process the same further, and to enter into a Contract with you against your requirement as set out in the above-referred Bidding Documents for the supply of the aforesaid goods manufactured by us, during the currency of the Contract.

We further extend our full warranty of _____ year(s) from the date of acceptance of the goods by the Consignee, supplied against this Contract.

Yours faithfully,

[Signature with date, name and designation]

for and on behalf of Messrs

[Name & address of the manufacturers]

Note: This letter of authorization shall be issued on the letterhead of the manufacturing firm/distributor/stockist and shall be signed by a person competent to bind the manufacturer/distributor/stockist in law.

Annexure D - Disclosure Regarding Conflict of Interest

We hereby confirm that we have no conflict of interest with any other bidder in terms of the conditions stipulated in Clause 13 of this RFP document. Should this disclosure be found to be incorrect at any later stage, we shall be liable to punitive action in accordance with the terms of the agreement.

(Signature, name and designation of the authorized signatory)

(Name and seal of the Bidder)

Date: _____

Annexure E - Declaration of Adherence to Code of Integrity

We hereby undertake that we shall not act in contravention of the codes set out below:

Prohibition of:

- a. making an offer, whether directly or indirectly, in exchange for an unfair advantage in the procurement process, or otherwise to influence the procurement process;
- b. any omission or misrepresentation which misleads, or attempts to mislead, so that a financial or other benefit may be secured or an obligation avoided;
- c. any collusion, bid rigging or anti-competitive conduct capable of impairing the transparency, fairness and progress of the procurement process;
- d. improper use of information furnished by the procuring entity to the bidder, with intent to gain an unfair advantage in the procurement process or for personal gain;
- e. any financial or business transaction between the bidder and any official of the procuring entity, relating to the tender or to the execution of the contract, which is capable of affecting the decision of the procuring entity, whether directly or indirectly;
- f. any coercion, or any threat to impair or harm, whether directly or indirectly, any party or its property, so as to influence the procurement process;
- g. obstruction of any investigation or audit of a procurement process; and
- h. making false declarations or furnishing false information for the purpose of participating in a tender process or securing a contract.

(Signature, name and designation of the authorized signatory)

(Name and seal of the Bidder)

Date: _____

Annexure F - Bidder's Particulars

A. General Information concerning the Firm

S. No.	Particulars	Details
1.	Name of the Company or Firm	
2.	Legal status (e.g. incorporated private company, unincorporated business, partnership, etc.)	
3.	Country of incorporation	
4.	Registered address	
5.	Year of incorporation	
6.	Year of commencement of business	
7.	Principal place of business	
8.	Brief description of the Company, including particulars of its principal lines of business	

B. Particulars of the Bidder's Authorized Signatory

S. No.	Particulars	Details
1.	Name	
2.	Designation	
3.	Company	
4.	Address	
5.	Telephone No.	
6.	Fax No.	
7.	E-mail address	

(Signature, name and designation of the authorized signatory)

For and on behalf of:

Date: _____

Annexure G - Certificate of Inspection and Acceptance

(For equipment related to Establishment & Operations of High-Performance Sports Science Center at Rajgir, Bihar)

Certified that the following item(s) has/have been received in full & good condition as per the terms & conditions of Supply Order and Contract Terms & Conditions:

1. Contract No. & Date_____
2. Name and Address of Purchaser Department of Sports, Room No. 416, 4th Floor, Vikas Bhawan, New Secretariat Building, Patna – 800015, Bihar
3. Supply Order No. and Date_____
4. Service Provider's Name & Address_____
5. Consignee_____
6. Description of the item supplied_____
7. Quantity supplied_____
8. Delivery date (as per Supply Order) _____
9. Extended Delivery Date, if any_____
10. Remarks, if any_____

() () ()

Signatures of Inspection & Acceptance Committee Members

Annexure H - Record of Experience and Performance

The following information shall be furnished in the format below for each Eligible Project completed in the last 5 financial years ending on 31st March 2026 for which your firm was legally contracted by the Client.

1. Assignment Name:
2. Name, address, email of the client:
3. Order No. and Date:
4. Contract Value (in Indian Rupees):
5. Date of Completion of Supply as per contract:
6. Date of Completion of Actual Supply:
7. Reasons of Delay (if any):
8. Location of Supply:
9. Description and quantity of ordered goods:

IMPORTANT INSTRUCTIONS:

1. A separate sheet shall be used for each Eligible Project.
2. Documentary evidence shall be attached in respect of each eligible project undertaken. Such documentary proof shall consist of the work order together with the work completion certificate/ Agreement issued by the purchaser/end user

(Signature, name and designation of the authorized signatory)

(Name and seal of the Bidder)

Date: _____

Annexure I - Declaration of Non-Blacklisting

I, _____, being the Proprietor/Secretary/Partner of the firm M/s. _____, do hereby solemnly affirm that our firm M/s. _____ has not been blacklisted by any Central/State Government or PSU, and that no criminal proceedings or convictions subsist against our firm.

(Signature, name and designation of the authorized signatory)

(Name and seal of the Bidder)

Date: _____

Annexure J – Financial Capacity

S.No.	Financial Year	Annual Turnover (in ₹crores)
1.	2025-2026	
2.	2024-2025	
3.	2023-2024	
4.	2022-2023	
5.	2021-2022	

Certificate from the Chartered Accountant

Certified that (name of the Applicant) has recorded the annual turnover shown above for the respective financial years, as per its audited books of account.

(Signature, name and designation of the authorised signatory)

Date: _____

Name and seal of the audit firm:

Annexure K – Form for Submission of Queries and Comments

To,

The Secretary,

Department of Sports,

Sub: Proposal for Establishment & Operation of High-Performance Sports Science Centre at Rajgir, Bihar

Sir/Ma'am,

Set out below are our clarifications and comments in respect of the subject RFP.

S.No.	Page No.	Section/ Clause No.	RFP Text	Query/Clarification

Note:

1. The Department of Sports shall endeavour to respond to all queries which it deems relevant.
2. The Department of Sports reserves the right not to respond to any query or to furnish any clarification, at its sole discretion. Nothing in this clause, or in this document, shall be construed as obliging the Department of Sports to respond to any query or clarification.

(Signature, name and designation of the authorized signatory)

(Name and seal of the Bidder)

Annexure L – Bid Security Declaration Form

Date: _____

RFP No.: _____

To,
The Secretary,
Department of Sports,
Room No 416, 4th Floor, Vikas Bhawan,
New Secretariat Building, Patna - 800015, Bihar

Sir,

I/We acknowledge that, under the conditions of the RFP, bids are required to be supported by a Bid Securing Declaration.

I/We accept that I/we may be disqualified from bidding for any contract with you for a period of one year from the date of notification, should I/we be in breach of any obligation under the bid conditions, namely if I/we:

- a. withdraw, modify or amend the bid submitted against this tender, or impair or derogate from the tender, during the period of bid validity specified in this tender; or
- b. having been notified of the acceptance of our Bid by the Purchaser during the period of bid validity:
 - (i) fail or refuse to execute the contract, or
 - (ii) fail or refuse to furnish the Performance Security, in accordance with the terms of this tender document.

I/We understand that this Bid Securing Declaration shall cease to be valid if I am/we are not the successful Bidder, or upon:
(i) receipt of your notification of the name of the successful Bidder together with submission by such Bidder of the required Performance Security, in accordance with the terms of this tender document; or
(ii) the expiry of thirty days from the expiration of the validity of my/our Bid.

Signed: _____ (insert signature of person whose name and capacity are shown)
in the capacity of: _____ (insert legal capacity of person signing the Bid Securing Declaration)

Dated this _____ day of _____, 2026

(Signature, name and designation of the authorized signatory)
(Name and seal of the Bidder)

Annexure M – Format for Curriculum Vitae (CV)

The following particulars shall be furnished in respect of each key personnel specified in the document. The information so furnished shall cover the entire qualifications and work experience of the proposed personnel. Additional sheets may be appended where necessary.

1. Details

Name of Bidder:	
Name of Professional:	
Position:	
Date of Birth:	
Country of Citizenship/Residence:	

2. Education (starting from Matriculation):

Name of Institution/University	Degree Obtained with specialization	Year of Graduation

3. Work Experience:

- Total Years of Work Experience:
- Total Years of Relevant Work Experience:
- Employment Record:

SN.	Name of Organisation	Position Held	Duration (DD/MM/YY to DD/MM/YY)	Detailed Tasks Handled
1.				
2.				

SN.	Name of Organisation	Position Held	Duration (DD/MM/YY to DD/MM/YY)	Detailed Tasks Handled
3.				
4.				

Certification:

I, the undersigned, hereby certify that, to the best of my knowledge and belief, this CV accurately describes me, my qualifications and my experience.

(Signature, name and designation of the authorized signatory)

Annexure N – Technical Compliance Sheet

Labs	Device Name	Device Technical Specifications	Qty
Functional Lab	Laser Based Cognitive-Motor Assessment and Training System	• Device should feature AI-powered sensor hardware integrating a 2D LiDAR scanner and 3D depth camera to facilitate marker-free motion tracking. • Device should have a screen output measuring at least 60 inches. • Device should have a hand identification system for user authentication and sign-in module. Testing & Training Modules • Device should have specialized evaluation routines for linear, lateral, and change-of-direction movements. • Device should have testing protocols for reactive jumps, balance, endurance, and velocity. • Device should have data logging capabilities for squatting, gait, and continuous movement. • Device should be capable of assessing postural alignment, joint range of motion (ROM), structural health, and functional age indicators. • Device should facilitate multi-phase rehab tracking (return-to-walk, run, and play). • Device should integrate unified motor, visual, and cognitive testing procedures. Skill Training Modules • Device should have operational modules for spatial awareness, focus, and cognitive baseline testing. • Device should include training protocols for memory retention, imagery exercises, and multi-object tracking. • Device should evaluate and develop reaction speed, neuromuscular coordination, and rate of force development. • Device should cover deceleration, acceleration, and multidirectional agility protocols. Software • System should include a centralized analytics suite capable of executing predictive modeling, tactical decision guidance, performance benchmarking, and talent identification analytics.	1
Isokinetic Lab	Robotic Isokinetic Strength Training and Assessment System	• Device should have asymmetric load configuration between concentric and eccentric movement phases for custom protocols. • Device should have real-time dynamic resistance reduction within designated pain arcs.	1

Labs	Device Name	Device Technical Specifications	Qty
		• Device should have programmable exercise routines with adaptable load profiles. • Device should have comprehensive functional diagnostics, including full Concentric/Eccentric testing. • Device should have integrated exercise modes: Eccentric, Isotonic, Isokinetic, Isometric, Elastic, Viscous, and Variable Load. • Device should have automated robotic resistance adjustment across concentric and eccentric transitions. • Device should have supramaximal eccentric loading capacity for hypertrophy and strength development. Hardware • Device should have cable travel distance of minimum 2.5m. • Device should have resistance specifications: - Leg Extension: 20–600 N/m or higher - Pulley module: 1–100 kg or higher - Squat module: 1–200 kg or higher • Device should have isokinetic velocity range of 0.1–3.5 m/s or higher. • Device should have angular velocity for Leg Extension of 12–750 °/s or higher. • Device should have integrated Wi-Fi interface supporting remote operation. • Device should have dual touchscreen displays for operating and monitoring. • Device should have USB connectivity interfaces. • Device should have variable torque electric motor system. • Workstation configurations must feature: Pulley, Leg Extension, and Squat modules.	
Gait Lab	Anti-Gravity Treadmill System	• Device should feature a positive differential air pressure system that creates unweighting forces to reduce lower-limb impact loads. • Device should use an air enclosure chamber to deliver dynamic body-weight unload settings. • Device should have operational speed of -3 km/h to +15 km/h (or greater). • Device should have elevation range of 0% to 14% incline (or greater). • Device should accommodate user body mass from 50 kg to 175 kg at least • Device should have tread belt dimensions of minimum 21" (W) × 60" (L) or similar	1

Labs	Device Name	Device Technical Specifications	Qty
		• Device should have height-adjustable cockpit housing. • Device should include a magnetic safety key cutoff mechanism. • Device should have integrated video system for real-time visual feedback and gait observation. • Device should have body-weight reduction range from 100% to 25% or less body weight, adjustable in 1% increments. • Device should deliver instant gait parameters including stride length, cadence, ground reaction forces, and spatial-temporal metrics. • Device should have external communication interfaces: Wi-Fi and USB4.	
Physiology Lab	Portable Cardiopulmonary Metabolic Analysis System	• Device should have real bi-directional wireless telemetry. • Device should have automatic self-calibration functionality. • Device should have tool-less oxygen sensor replacement mechanism. • Device should support remote telemetry with live data transmission to a PC/laptop interface. • Device should have hot-swappable battery design. • Device should operate fully self-contained with >1 TB internal storage for field deployment or tethered to a PC. • Device should be functional under hypoxic conditions. • Device should have system mass inclusive of battery under 550 g. • Device should be compact enough for garment-pocket or backpack transport. • Device should have dual-mode capability for field and stationary laboratory use. • Device should utilize breath-by-breath sampling methodology. • Device should have multi-constellation GNSS (GPS, Glonass, Beidou) positioning for high spatial precision. • Device should have integrated environmental sensing (including ambient CO₂ tracking). • Device should have built-in long-range Bluetooth connectivity. • Device should have capacitive touch display backed by physical key controls.	1

Labs	Device Name	Device Technical Specifications	Qty
		• Device should be compatible with calibration-free disposable turbines alongside reusable flow sensors. • Device should have Dynamic Flow Control technology to align gas sampling delays with instantaneous flow signals. • Device should have continuous background ambient CO₂ monitoring within docking unit. • Device should have rapid startup sequence with warm-up time ≤60 seconds.	
	High-Performance Bicycle Ergometer	Control & Accessories • Device should have integrated 7-inch or bigger touch-screen control module with custom program creation. • Device should have Bluetooth heart rate receiving module. • Device should have environmental sensor kit. • Device should have adjustable length cranks supporting wide range (95–185 mm). Workload • Device should have minimum power setting of 12 W. • Device should have peak power setting of 2800W or higher. • Device should have operational control modes: Isokinetic, Hyperbolic, Linear, and Constant Torque. • Device should have adjustment resolution of 1 W increments. • Device should have cadence-independent constant load range of 30 to 180 rpm. • Device should have resistance mechanism powered by electromagnetic eddy-current brake system. Accuracy • Device should have power accuracy <100 W at ±2 W. • Device should have power accuracy 100 W to 1500 W at ±2%. • Device should have power accuracy 1500 W to 3000 W at ±5%. Comfort • Device should have pedals with toe-clip retention. • Device should have Q-factor of 147 mm or similar • Device should support user leg length bounds from 740 mm to 1140 mm (max with full extension).	1

Labs	Device Name	Device Technical Specifications	Qty
		• Device should have saddle vertical adjustment from 560 mm to 935 mm. • Device should have saddle horizontal position from 75 mm to 320 mm. • Device should support maximum user body mass of 220 kg or higher. • Device should have handlebar adjustments: Horizontal (230–600 mm at least), Vertical (470–850 mm at least). Connectivity • Device should have 7" or bigger touch console interface. • Device should support communication protocols: Ergoline P10/P4, Schiller, Bosch EKG 506 DS. • Device should have I/O Ports: USB, RS-232 output.	
	Non Invasive Muscle Physiology Assessment System	Overview • Device should be a non-invasive diagnostic platform for rapid measurement of skeletal muscle contractile kinetics. • Device should feature a surface displacement sensor for non-traumatic mechanical twitch recording. • Device should include an integrated electrical stimulator providing synchronized, calibrated impulses for consistent contraction responses. • Device should include an integrated display screen for live data visualization during measurement protocols. Software Requirements • Software should cover subject metadata administration, real-time data acquisition/execution, standard file import/export, and population normative reference databases. • Software should be compatible with standard Windows operating environments (Windows 10 or equivalent). Parameters Measured • Delay Time (td): Duration from impulse initiation to 10% displacement amplitude. • Contraction Time (tc): Interval from 10% to 90% of maximum displacement amplitude. • Sustain Time (ts): Time elapsed between 50% contraction and 50% relaxation points. • Relaxation Time (tr): Interval from 90% down to 50% contraction amplitude.	1

Labs	Device Name	Device Technical Specifications	Qty
		Maximal Displacement (Dm): Maximum physical deflection distance of muscle tissue.	
Biomechanics Lab	Sprint Analysis System with Cameras	Start with Camera System - Device should include a minimum of 3 high-speed digital video cameras designed for motion analysis playback. - Device should interface via high-bandwidth USB3 or GigE connections. - Device should enable real-time visual output. - Device should have frame capture rates spanning 120 fps to ≥ 270 fps. - Device should support wireless triggering mechanisms and mobile device remote control. - Device should be of lightweight structure suitable for multi-site deployment. Sprint Start Block with Force Sensing Plates - Device should feature instrumented starting blocks equipped with multi-axis force sensors to capture tri-axial force vectors, spatial movement parameters, and microsecond timing data. - Device should be deployable in fixed lab or field configurations. - Device should feature an integrated acoustic start cue device synchronized to data acquisition. Software (4-Year License) - Software should have concurrent multi-station input capability. - Software should feature a relational database with advanced search/filter options for records, sessions, and media. - Software should have a scalable platform layout. - Software should deliver instant feedback displays alongside post-event biomechanical metrics. - Software should cross-reference trial data against an athlete norm database. - Software should enable side-by-side trial overlay. - Software should support 2D force plate spatial calibration with dynamic 3D force vector rendering over live video. - Software should contain integrated video-based distance measuring tools. - Software package should include 4-year access with options for annual extensions.	1
Para Performance Lab	Wheelchair Ergometer	Device should be designed to accurately replicate authentic wheelchair propulsion dynamics.	1

Labs	Device Name	Device Technical Specifications	Qty
		• Device should have adjustable resistance profiles to accommodate testing and training regimes. • Device should have a high-frequency data capture engine for detecting subtle stroke asymmetries between left and right sides. • Device should have independent left/right wheel velocity and torque acquisition modules. • Device should include force-sensing electronics, programmatic inertia simulation, and alignment fixtures. • Device should have a wheelchair securing mechanism featuring protectors. Workload & Mechanics • Device should have dynamic inertia rendering factoring system mass (user + wheelchair) and surface friction coefficient. • Device should have a dynamic calibration routine for setup accuracy. • Device should have wheelchair velocity bounds from 0.1 km/h to 45 km/h (bidirectional mode) controlled in 0.1 km/h steps. • Device should have speed display resolution of 0.1 km/h. • Device should support maximum capacity up to 225 kg user weight. • Device should be equipped with a dedicated hardware emergency power cutoff for safety. Electronics • Device should have bi-directional rotation drive (clockwise/counter-clockwise). • Device should have high-rate data streaming output over USB and LEM software framework.	
	Large-Surface High-Speed Performance Treadmill for para sports	• Device should have a smooth starting drive curve beginning at 0 km/h. • Device should have speed envelope from 0 to 40 km/h configured in 0.1 km/h increments. • Device should have incline range from 0% to +25% grade. • Device should have safety systems including a fall-stop emergency push-button and magnetic lanyard clip. • Device should have an interactive 7-inch touch console with custom program functionality. • Device should enable remote command via external physiological software networks. • Device should be constructed with an industrial-grade continuous duty frame.	1

Labs	Device Name	Device Technical Specifications	Qty
		Additional Features • Device should have a modular, height-adjustable handrail system. • Device should support athlete mass up to 225 kg. • Device should have extra-large usable deck space measuring 300 cm length × 200 cm width.	
Neuromuscular Strength Lab	Pneumatic Chest Fly Testing and Training System	Device should be a computerized pneumatic upper-body exercise machine designed for targeted training of chest, arm, and shoulder musculature with independently moving lever arms. Device should feature a pneumatic resistance mechanism operating from 0 to 36 kg (or higher) per lever arm. Device should have near-zero starting load options with fine resistance increments. Device should feature an electrically adjustable seat height system. Device should feature a pneumatic system engineered for a maximum operating pressure up to ~9 bar. Device should feature mechanical Range of Motion (ROM) limiters. Device should be equipped with an interactive touchscreen display interface (minimum 10" size) with real-time feedback for repetition counting, power, and range of motion tracking. Device should be upgradable with the feature tap-and-go with RFID user profile login (via card or bracelet) and cloud storage.	1
	Electrically Adjustable Pneumatic Leg Press Training and Testing System	• Device should be a computerized pneumatic strength platform featuring independent bilateral lever arms. • Device should have ultra-low inertia initial resistance setting. • Device should have fine load adjustments in 100 g / 1 kg increments. • Device should have adjustable output range up to 0–132 kg (or greater) per limb.	1

Labs	Device Name	Device Technical Specifications	Qty
		• Device should have automated resistance adaptation logic. • Device should have pneumatic drive designed for ~9 bar line supply pressure. • Device should include pre-programmed training library. • Device should have variable footplate positioning. • Device should be fitted with mechanical ROM limiters. • Device should be upgradable with cloud server compatibility and tap-and-go RFID user profile loading. • Device should be compatible with isometric torque assessment capabilities.	
	Pneumatic Core and Back Strength Training and Testing System	• Device should be a dual-function abdominal and spinal extension computerized pneumatic unit. • Device should have ultra-light initial resistance with 100 g / 1 kg step adjustment. • Device should have load capacity spanning 0 to ≥62 kg. • Device should feature a pneumatic system engineered for maximum ~9 bar operating supply. • Device should have power-adjusted seat elevation and arm setup for tailored biomechanics. • Device should feature adjustable ROM stop locks. • Device should be upgradable with cloud server compatibility and tap-and-go RFID user profile loading. • Device should be compatible with isometric torque assessment capabilities.	1
	Pneumatic Upper Body Push-Pull Training and Testing System	• Device should be a pneumatic resistance system for targeted upper-body push and pull-down performance training. • Device should have near-zero load start with precise 100 g / 1 kg step adjustments. • Device should have variable output up to ≥52 kg for pushing and ≥62 kg for pull-down exercises. • Device should provide real-time automatic resistance adjustments matching exertion. • Device should have electric seat height positioning mechanism. • Device should have supply pressure threshold >8.5 bar. • Device should include workout routine library. • Device should be equipped with mechanical ROM lockouts.	1

Labs	Device Name	Device Technical Specifications	Qty
		• Device should be upgradable with cloud server compatibility and tap-and-go RFID user profile loading. • Device should be compatible with isometric torque assessment capabilities.	
	Pneumatic Chest Strength Training and Testing System	• Device should be a computerized pneumatic upper-body/chest press machine targeting pectoral and arm musculature. • Device should have near-zero starting load configuration with 100 g / 1 kg fine increments. • Device should feature automated load adaptation system. • Device should have variable output up to ≥ 43 kg or higher • Device should utilize compressed-air actuation for smooth movement curves. • Device should be fitted with physical ROM travel limiters. • Device should be upgradable with cloud server compatibility and tap-and-go RFID user profile loading. • Device should be compatible with isometric torque assessment capabilities.	1
	Pneumatic Upper Back Strength Training System	• Device should be a computerized pneumatic pull machine specifically isolating the rhomboid, rear shoulder, and upper back musculature. • Device should have ultra-low starting load featuring 100 g / 1 kg increments. • Device should feature dual independent arm resistance of 0 to ≥ 35 kg per arm. • Device should have electrical seat height adjustment. • Device should have operating system pneumatic pressure >9 bar. • Device should include pre-loaded protocol database. • Device should be upgradable with cloud server compatibility and tap-and-go RFID user profile loading.	1
	Pneumatic Lower Limb Strength Training and Testing System	• Device should be a combined dual-mode Leg Extension and Hamstring Curl device operating on pneumatic resistance for safe agonist/antagonist conditioning. • Device should have near-zero starting weight with 100 g / 1 kg increment options.	1

Labs	Device Name	Device Technical Specifications	Qty
		• Device should provide load of 35kgs or more • Device should feature automated resistance progression algorithm. • Device should have pneumatic system driving natural movement arcs. • Device should feature mechanical ROM range locks. • Device should be upgradable with cloud server compatibility and tap-and-go RFID user profile loading. • Device should be compatible with isometric torque assessment capabilities.	
Recovery Lab	Electric Whole Body Cryotherapy Chamber	• Device should be a nitrogen-free electric full-body cryotherapy chamber system operating down to ultra-low therapeutic environments of -128 °C to -140 °C. • Device should be pre-programmed with targeted treatment cycles. • Device should feature electro-mechanical elevation floor mechanism. • Device should have open-top design ensuring the individual's head remains above the cold zone enclosure. • Device should feature integrated real-time surface temperature monitoring via 5 to 6 infrared (IR) sensors. • Device should have fully automated software control system. • Device should require no external ventilation ducts or specialized exhaust piping (plug-and-play). • Device interface should feature a primary control panel with high resolution, 2 or more media display screens, and integrated HiFi audio. • Device electrical interface should meet standard 220 V supply requirements.	1
	Localized Cryotherapy Treatment unit	• Device should be a mobile, electric-driven localized cryotherapy unit operating without liquid gas consumables. • Device should feature high-volume forced cold air system delivering targeted tissue cooling down to -20 °C or similar • Device should have adjustable airflow up to 75 m³/h. • Device should feature digitally controlled fan speed (minimum 6 stages) and timer (1–60 minutes).	1

Labs	Device Name	Device Technical Specifications	Qty
		• Device should have built-in pre-cooling function. • Device should safely induce localized thermal shock without risk of frostbite. • Device should include standard attachments minimum of: 3 suction cups, 2 focal reduction nozzles, and 1 facial application mask • Device should feature an integrated 8" touchscreen display or larger • Device should have rated cooling capacity up to 1800 W or more. • Device should be mounted on heavy-duty swivel castors for mobility.	
Rehabilitation Lab	Tecar Therapy	• Device should be a high-frequency electromagnetic diathermy unit featuring both Capacitive (CAP) and Resistive (RES) energy transfer modes. • Device should support static application, passive motion integration, and hands-free active movement therapy. • Device should feature an intuitive touch-driven control interface. • Device should have operating frequency sweep spanning 400 kHz to 1100 kHz (minimum 5 auto-selecting dynamic frequency steps). • Device should feature pulsed emission and dynamic frequency scanning. • Device should include passive neutral electrode plate, monopolar CAP/RES applicators (3 interchangeable heads per handpiece), and a dedicated bipolar handpiece.	01
	Multi-Channel Electrotherapy Treatment Unit	• Device should be a multi-channel portable neuromuscular stimulator pre-programmed with >400 specialized clinical routines (covering TENS, motor re-education, sequential stimulation, and athletic recovery). • Device should have peak output current of ≥ 110 mA per channel. • Device should have adjustable pulse width spectrum from 50 μs to ≥ 410 μs. • Device should feature 3+ point sequential serial stimulation for staged muscle firing. • Device should operate via internal rechargeable battery for field portability. • Device should have 4 isolated output channels driving up to 8 stimulation electrodes concurrently.	04

Labs	Device Name	Device Technical Specifications	Qty
		• Device should feature fully configurable frequency and amplitude settings. • Device should have built-in high-contrast status display. • Device should be of compact, low-mass design.	
Psychology Lab	Visual-Sensory Performance Assessment and Training Unit	• Device should be an interactive sensory-motor evaluation and cognitive training station benchmarking ≥ 9 visual and neuromuscular performance variables (inclusive of Visual Acuity, Contrast Thresholds, Accommodative Switching, Target Tracking, Depth Perception, Visual Span, Multi-Object Tracking, Reaction Speed, Peripheral Processing, and Response Inhibition). • Device should automatically output percentile-ranked comparative reports referencing elite athlete databases. • Device should incorporate interactive training protocols to improve dynamic visual processing and eye-hand coordination under stress.	1
Nutrition Lab	Body Composition Analyzer	• Device should deliver professional bioelectrical impedance analysis (BIA) providing direct segment-by-segment readings for all five body quadrants (right/left arms, trunk, right/left legs). • Device should assess skeletal muscle mass, fat distribution, body fluid balance, cell membrane integrity, and sarcopenia indicators. • Device should provide rapid testing with fast measurement time (~30 s). Technical Specs • Device should feature Direct Segmental Multi-Frequency BIA operating at 5 kHz, 50 kHz, and 500 kHz (15 or more distinct impedance readings). • Device should measure 50 kHz whole-body Phase Angle. • Device should have an 8-point tactile system featuring ergonomically positioned thumb electrodes. • Device should utilize a pure impedance-based algorithm operating independently of empirical age/gender inputs. • Device should provide outputs for Total Body Water (TBW), ECW/TBW ratio, Visceral Fat Level, Basal Metabolic Rate (BMR), Skeletal Muscle Index (SMI), and segmental fat/lean distribution. • Device console should feature a 7-inch or bigger color TFT touchscreen with supplementary physical buttons.	1

Labs	Device Name	Device Technical Specifications	Qty
		• Device should support optional hand-grip dynamometer inputs, barcode/QR scanner integration, direct network printing (PCL3+ compliant), and cloud/PC software synchronization. • Device should have data storage capacity up to 100,000 records. • Device should have scale measuring bounds from 5 kg to 300 kg capacity or similar range	
Athlete Management System	Athlete Management System (All Inclusive with 4-Year Subscription)	Features & Integration • System should include complete software deployment, system architecture onboarding, and dedicated customer success management. • System should feature a drag-and-drop form creation engine for daily wellness metrics and evaluations. • System should support native integration for ≥15 third-party API data connections (wearable sensors, body weight, hydration). • System should offer centralized data visualization displaying combined longitudinal profiles, injury/EMR logs, and workout program design utilities. • System should feature multi-tier mobile/web application (iOS & Android) access with customizable permission levels for staff and athletes. • System should include secure file handling, shared schedules, internal chat, and bulk CSV data ingestion. • Package should encompass a 4-year SaaS enterprise subscription with annual renewal options. Security & Compliance • System should feature role-based security rules, mandatory Multi-Factor Authentication (MFA), and automated brute-force lockout protocols. • System should maintain full regulatory compliance with HIPAA, GDPR, PIPEDA, and CCPA privacy standards.	1

Annexure O - Manpower Compliance Sheet

Role / Designation	Essential Educational Qualifications & Professional Experience	Count
Centre In charge	• Master's degree in Sports Science, Kinesiology, Exercise Physiology, Physiotherapy, or an equivalent discipline. • Minimum 5 years of professional experience covering athlete development, sports science integration, elite athletic training, rehabilitation, and injury management. • Demonstrated expertise in team leadership across multidisciplinary staff, including coaches, sports scientists, and medical personnel. • Proven background in strategic planning, program implementation, and performance evaluation. • Strong capacity to translate scientific research and performance analytics into practical high-performance strategies.	1
Sr. Physiotherapist	• Master of Physiotherapy (MPT) in Sports. • 2–3 years of active clinical experience working directly with professional sports teams, academies, or athletic organizations.	2
Jr. Physiotherapist	• Master of Physiotherapy (MPT) in Sports. • 0–2 years of practical experience in a sports academy, team, or clinical sport environment.	5
Sr. Strength & Conditioning Expert	• Master's degree (M.Sc.) in Exercise Science, Kinesiology, or related fields. • 2–3 years of applied experience training athletes within sports academies or elite teams. • Preferred: NSCA (CSCS) or equivalent professional certification.	1
Jr. Strength & Conditioning Expert	• Bachelor's or Master's degree (B.Sc. / M.Sc.) in Exercise Science, Kinesiology, or equivalent. • 0–2 years of experience within sports academies or team environments preferred. • Preferred: NSCA or recognized strength and conditioning credentials.	2
Exercise Physiologist	• Master's/Bachelor's degree in Sports & Exercise Physiology.	1

	• Robust foundational knowledge of exercise physiology, human anatomy, and biomechanical principles. • 2–4 years of practical experience conducting evaluations in sports performance centers. • Relevant specialized training certifications in exercise physiology.	
Sport Psychologist	• Master's/Bachelor's degree in Psychology or Applied Sport Psychology. • Minimum 2 years of practical experience as a practicing Sports Psychologist. • Preferred: Professional membership with the Association for Applied Sport Psychology (AASP) or equivalent body.	1
Nutritionist	• Master's degree in Sports Nutrition or Allied Clinical Nutrition. • Minimum 3 years of hands-on experience in sports nutrition counseling and dietary planning.	1
Sport Scientist	• Master's degree (M.Sc.) in Sports Science / Exercise Science, OR a degree in Physiology backed by a postgraduate qualification in Sports Science. • Minimum 2 years of relevant professional experience in sports science support.	1
Sport Massage Therapist	• Certified Diploma or Certificate in Sports Massage Therapy from an accredited institution. • 1–2 years of professional experience delivering massage protocols to athletic populations. • Strong understanding of musculoskeletal anatomy, sports injury mechanics, recovery modalities, and athletic massage techniques.	2
Biomechanist	• Bachelor's or Master's degree in Biomechanics, Kinesiology, Exercise Science, or related discipline. • Background in human movement research, motion capture data collection, and signal analysis. • 2+ years of practical experience in applied biomechanics within sports performance or clinical research. • Practical familiarity with 3D motion capture, force plates, surface EMG, and data processing packages (e.g., MATLAB, Python, or statistical software).	1

Receptionist	• Graduate in any discipline. • 1–2 years of experience overseeing sports, fitness, or institutional facility operations.	1
Housekeeping	• Higher Secondary School Completion (12th Pass).	4
Security	• Higher Secondary School Completion (12th Pass). • Basic knowledge of emergency protocols, fire safety equipment, and incident reporting procedures • Good physical fitness, alertness	3

Annexure P – Format for Price Quotation (BOQ)

S.No	Item Description	Particular	Unit / Qty	Basic Rate	Total Amount (INR Only)	GST (%)	GST Amount (INR Only)	Grand Total incl. GST (INR Only)	Grand Total Incl. Taxes in Words
Section A (Equipment Cost)									
1	Functional Lab	Laser Based Cognitive-Motor Assessment and Training System							
2	Isokinetic Lab	Robotic Isokinetic Strength Training and Assessment System							
3	Gait Lab	Anti-Gravity Treadmill System							
4	Physiology Lab	Portable Cardiopulmonary Metabolic Analysis System							
		High-Performance Bicycle Ergometer							
		Non Invasive Muscle Physiology Assessment System							
5	Biomechanics Lab	Sprint Start Analysis System with Cameras							
6	Para Performance Lab	Wheelchair Ergometer							
		Large-Surface High-Speed Performance Treadmill for para sports							
7	Neuromuscular Strength Lab	Pneumatic Chest Fly Testing and Training System							
		Electrically Adjustable Pneumatic Leg Press Training							

		and Testing System							
		Pneumatic Core and Back Strength Training and Testing System							
		Pneumatic Upper Body Push-Pull Training and Testing System							
		Pneumatic Chest Strength Training and Testing System							
		Pneumatic Upper Back Strength Training System							
		Pneumatic Lower Limb Strength Training and Testing System							
8	Recovery Lab	Electric Whole Body Cryotherapy Chamber							
		Localized Cryotherapy Treatment unit							
9	Rehabilitation Lab	Tecar Therapy							
		Multi-Channel Electrotherapy Treatment Unit							
10	Psychology Lab	Visual-Sensory Performance Assessment and Training Unit							
11	Nutrition Lab	Body Composition Analyzer							
12	Athlete Management System	Athlete Management System (All Inclusive with 4-Year Subscription)							

Section B (Annual Manpower Cost)

14	Annual Operations and Maintenance Cost	As per terms mentioned in the agreement'							

Notes:

- Bidders shall quote prices for **all** items and sections specified in the Format for Price Quotation (BOQ). Bids in which prices have not been quoted against every item and section shall be summarily disqualified.

2. Bidders are strictly advised **not** to include any detailed cost breakdown or financial information in the Technical Proposal. Disclosure of such financial details in the Technical Proposal shall be treated as a material deviation and shall result in immediate disqualification of the bid.
